Dear Sir:

This letter is being sent to you because Bob and Karen Magistrelli and family are seeking a set back variance on a cabin being rehabilitated in El Paso County at the referenced location (see Item #3). We also seek a special use permit for a small Recreation Camp.

This information is being provided to you prior to a submittal with the County. Please direct any questions on the proposal to the referenced contact in Item #2. You can express no opinion or respond either for or against in writing, or in person to the Development Services Director, Craig Dossey, at 2880 International Circle, Suite 110, Colorado Springs, CO 80910-3127 or call 719-520-6300.

#2 For questions specific to the project, please contact:

#3 Site

Address: 8727, 8737, 8747 Woodrow Avenue
Location: Due east of your property
Size: 3.17 acres
Zoning: A-5

4. Request and justification:

We are trying to put to meaningful use some abandoned cabins on 3.17 acres. We considered developing an outdoor wedding site. The parking requirements would result in the removal of too many trees so we abandoned that plan. However we did complete vacating Second St and Francis Ave, and we merged the land into one lot. We obtained a building permit and continue work to rehabilitate the cabin at 8747 Woodrow Ave.

We recently learned that the cabin being restored has a 9 foot setback from National Forest land when a 25-foot setback is required in an A-5 zone. We are requesting administrative relief to allow the cabin to remain in its current location of 60+ years.

In addition to the setback approval, we are requesting a special use permit that would allow us to retain the right to three cabins on the property. One cabin would be occupied full-time. The other two cabins would be rented for short-term occupancy.

#5 Proposed facilities, structures, roads.

We will continue work on the reclaimed cabin until it is ready for full-time occupancy. We plan to tear down the cabin that is too structurally damaged to be salvaged, and build a totally new cabin to replace it. The third cabin we hope to use as a storage shed. To replace the housing potential of that cabin, we plan to build a second new cabin. To service the three residences, we will put in an engineered septic system and drill one well at the east side of the property.

Thank you for considering our request,

Karen Magistrelli

4. Request and justification:

We are trying to put to meaningful use the old Thomas Russell land east of you. We are no longer seeking to develop an outdoor wedding site. The parking requirements would result in the removal of too many trees. In working with El Paso County, we vacated Second St and Francis Ave, and merged the land into one lot. We obtained a building permit and continue work to rehabilitate the cabin at 8747 Woodrow Ave.

We recently learned that the cabin being restored has a 9 foot setback from National Forest land when a 25-foot setback is required in an A-5 zone. We are requesting administrative relief to allow the cabin to remain in its current location of 60+ years.

To replace the housing potential of that cabin, we plan to build a second new cabin. We will put in an engineered septic system to service the three cabins. We will drill a well at the east side of the property - farthest away from your property.
