Dear Mr. Dossey:

We were informed of a variance exception request for 87267.8737, 8747 Woodrow Avenue in Crystola Colorado. There is a issue with a structure being within nine feet of a National Forest boundary line when a 25 foot setback is required. This variance was requested by the Magistrellis.

We believe that we have ordinances and requirements for a reason and, thus, think the Magistrellis should adhere to the same standards required. We do not approve of this exception.

Thank you for you time.

Sincerely,

David & Anna Mae Vaeth
