To: Christina Haas, Project Manager
From: Jamey Bumgarner, Fire Marshal
Subject: Fuel Missions Site Development Plan
Date: December 21, 2022

Monument Fire Protection District has reviewed the preliminary sketch plans for the Fuel Missions Site development plan. Based on our review of the site plan, we offer the following comments.

- Access for fire apparatus and emergency egress will need to be addressed.
- Water Supply for 5,000 square foot commercial building will need to be included during construction before approval.
- Also, once the building type is determined, there is the possibility of needing fire suppression sprinklers.

Thank you for the opportunity to comment,

Jamey Bumgarner

Fire Marshal
