### **Monument Glamping 1, PPR-24-43 (Revised Comments)**

**Please accept the following comments from El Paso County Public Health (EPCPH) regarding the proposed 6.44-acre lot special use referenced above:**

- **Is this still “glamping” or cabin rentals?**
- **The hard sided structures are pending approval by EPCPH. The addition of plumbing fixtures will alter wastewater flow calculations. The onsite wastewater treatment system (OWTS) engineer must coordinate the use of plumbing fixtures, if any, in these structures with the El Paso County Public Health, Water Quality Program Manager.**
- **The site lacks an approved OWTS design; therefore, currently wastewater service for the project is not approved.**
