

March 20, 2018

Dear Mr. Gary Lake:

Commitment Letter

Mountain View Electric Association, Inc. (MVEA) has these comments about the following:

Project Name: Silverado Ranch

Description: Approval is being requested for Silverado Ranch, Phase I. This phase will consist of 10 residential lots on a portion of the 320 acres total. This development is located southeast of Drennan Road and Peyton Highway in Section 16, Township 13 south, Range 63 West.

This area is within MVEA certificated service area. MVEA will serve this area according to our extension policy. Connection requirements may include provisions for necessary line extensions and or other system improvements, and payment of all fees under MVEA line extension policy. Information concerning these requirements can be obtained by contacting the Engineering Department of MVEA.

MVEA requests a ten (10) foot front, side and rear lot line utility easement along with a twenty (20) foot exterior easement on plat. MVEA also requests platting of existing MVEA facilities with easement on the plat. If open space, drainage and landscape tracts are designed in this subdivision MVEA requests these areas be listed to include utilities. Additional easements may be required once a review of civil drawings with grading and erosion plan is provided to MVEA in order to serve this development.

MVEA has existing facilities within this parcel of land. If there is any removal or relocation of facilities it will be at the expense of the applicant.

If additional information is required, please contact our office at (719) 495-2283.

Sincerely,

Cathy Hansen-Lee
Engineering Administrative Assistant
