Hello Neighbors,

I am sending you this enclosed information to inform you of what I plan to do with the property I recently purchased adjacent to you. I was really hoping to meet you in person and introduce myself. However, I know many people are wary because of the coronavirus and I didn't feel it was right to show up at your house unannounced. If you feel comfortable having me come by I would be happy to talk to you in person to explain the plan and address any questions you may have. I truly look forward to getting to know you and if you need anything due to the current difficult circumstances please let me know. I would be happy to help!

Thanks!

Your neighbor,

Harry Thomas
