To Whom It May Concern:

This letter is in support of the special use application to operate a dog kennel within RR-5 zoning district (AL2219). We have lived next to Colton and Heather Johnson for five years and can attest that their dogs are properly cared for in a clean environment. We hear little to no barking and their dogs have never been a nuisance. We fully support the approval of the permit.

We are available to answer further questions, if needed.

Sincerely,

Handwritten signatures of Keith and Amy Killgore. The signature on the left is for Keith, and the signature on the right is for Amy. Both are written in cursive.

Keith and Amy Killgore
