RE: CDR HWY 105/JCP Construction Drawing Review

Dear Lekishia,

I am in receipt of a referral request for comment for CDR Hwy 105/JCP Construction Drawing Review. The northerly boundary of the parcel abuts SH 105, which has an Access Category of NRA. The westerly boundary borders I-25 and I-25 exit ramp (Cat F-W). The ±83.977 acre development proposes 715 dwellings single family detached homes, townhomes, multifamily, commercial, office, services, 48,000 SF Commercial lots and 9.277 acres open space/trails. The development will be split into 3 phases. The parcel 7114400008 is located in the Town of Monument, County of El Paso, State of Colorado. The property is currently owned by Elite Properties of America Inc. We have the following comments:

Hydraulics

The Final Drainage Report signed and sealed November 6, 2023 was reviewed by a CDOT Hydraulics Engineer. Their comment are as follows:

- No further comments.

Traffic

The State Highway 105/Jackson Creek Parkway - Phase 2 Construction Plans dated February 2023 revised 5/11/2023 have been reviewed by the CDOT North Program Traffic Manager. Their comments are as follows:

- No further comments at this time.

Access

Our comments follow:

- Direct access will not be granted to the development from any state highways, access shall be allowed from local or surrounding roadways. All access to development is via Jackson Creek Pkwy.
- An Access Permit is required to document a change in use in terms of access operation, traffic volume and or vehicle type per State Highway Access Code §2.6; and to document the changes to the connection to State Highway 105 and Jackson Creek Parkway.

- The future development will not be required to provide escrow for a future intersection control device to be located at SH 105 and Jackson Creek Parkway since signalized intersection will be built with Phase 2.
- CDOT has partnered with the Town of Monument and is currently working on an Intergovernmental Agreement (IGA) for the installation and maintenance of a stormwater detention pond to be located on the southeast corner of highway 105 and Interstate 25 Exit Ramp. The execution of this IGA is required prior to the issuance of an Access Permit.
- An Access Permit will be required for connection to State Highway 105 and Jackson Creek Parkway as a tool to document the changes to the intersection.
- All Drainage appurtenances for detention and release shall be located and fully maintained outside CDOT right-of-way. The IGA will detail hydraulic appurtenances for detention and release.
- All storm sewer appurtenances will be the responsibility of the Town of Monument under the division of authority. The IGA will detail storm sewer appurtenances responsibilities.

Additionally,

- On-premise and off-premise signing shall comply with the current Colorado Outdoor Advertising Act, sections 43-1-401 to 421, C.R.S., and all rules and regulations pertaining to outdoor advertising. Please contact Adam Lancaster at (719) 562-5540 for any questions regarding advertising devices.
- Any utility work within the state highway right of way will require a utility permit from the CDOT. Information for obtaining a utility permit can be obtained by contacting Mr. Lancaster.

Please contact me should you have questions or concerns.

Respectfully,

Michelle Regalado
