SITE DEVELOPMENT PLAN CHECKLIST

Revised: January 2022

Site Development Plan		
<p>In order to establish a use or obtain a building permit, in most cases, the LDC requires Site Development Plan Review for more complex uses (most often including multi-family, commercial, and industrial uses) to determine conformance of the proposed use(s) or structure(s) with the provisions of the LDC, ECM, or any other applicable regulations or any specific land use approvals or permits, and other rules, regulations, codes and ordinances administered by the PCD. Specifically, many of the requirements for approval of a site development plan can be found in Chapter 6 of the LDC. The use tables in Chapter 5 of the LDC (Table 5-1 and 5-2) identify when the applicant shall submit a Site Development Plan and when a PCD planner and engineer shall review a Site Development Plan to establish a use or to construct a structure. Site Development Plans are approved administratively by the PCD Director, unless otherwise modified by a condition of approval.</p>		
<p>Minimum Map Contents: Must contain adequate information to determine compliance of the proposed use with the LDC and ECM, as applicable. If inadequate information is provided to determine whether or not the proposed action conforms to the LDC, more information will be requested. A PUD Development Guide associated with PUD zoning, if applicable, may require additional information and/or specifications to be addressed with the residential site plan application.</p>		
<p>Typically, a parking plan, sign plan, landscape plan, lighting plan, elevation drawings, floor plan, grading and erosion control plan, and drainage plan are submitted concurrently as a separate plan set.</p>		
<p>The PCD Director may modify the applicable requirements, including requiring additional items or removing items, based upon the project and site-specific circumstances.</p>

LANDSCAPE PLAN CHECKLIST

Revised: January 2022

Landscape Plan

The landscape requirements are intended to provide uniform standards for the development and maintenance of the landscaping of private property and public rights-of-way to achieve a balance between the individual right to develop and the general benefit and welfare of the community. The benefits to be achieved and the overall purposes of landscaping are: (1) to create a positive image and visual appeal both along the road which is highly visible and internal properties which provide a working, shopping and living environment; (2) to decrease the scale of parking lots, provide shade, and reduce heat, glare and noise; (3) to separate circulation systems; to soften and reduce the mass of buildings; to screen and buffer lower intensity uses from higher intensity uses and protect residential privacy; and (4) to create an overall pleasant and attractive surrounding. The landscape plan shall meet the requirements of Chapter 6 of Land Development Code.

The PCD Director may modify the applicable requirements, including requiring additional items or removing items, based upon the project and site-specific circumstances.
