2880 International Circle, Suite 110
Colorado Springs, CO 80910

Attn: El Paso County
PCD Engineering Division

RE: Bent Grass Meadows Drive & Meridian Road intersection improvements

The project site and adjacent properties (as affected by work performed under the County permit) are, to best of my knowledge and believe, stable with respect to settlement and subsidence, sloughing of cut and fill slopes, revegetation or other ground cover, and the improvements (public improvements, common development improvements, site grading and paving) meet or exceed the minimum design requirements.

Statement of Engineer in Responsible Charge:

I, Grant Dennis, a registered Professional Engineer in the State of Colorado, in accordance with Sections 5.2 and 5.3 of the Bylaws and Rules of the State Board of Registration for Professional Engineers and Professional Land Surveyors, do hereby certify that I or a person under my responsible charge periodically observed the construction of the above mentioned project. Based on the on-site field observations and review of the pertinent documentation, it is my professional opinion that the required revisions were constructed in general conformance with the approved plans. I have attached the post-construction As-Built drawings. The As-Built drawings accurately depicts the final installation of the revisions as shown on the approved construction drawings.

GALLOWAY
Grant Dennis, P.E.
