Subject: Re: Notice of Intent to Construct a Non-Jurisdictional Water Impoundment Structure - RMCC Ellicott
Date: Monday, March 30, 2026 1:57:43 PM

Thank you for your form submission. This form does not require payment of a fee.

*** The Well Construction and Yield estimate Report eForm is now live and ready for use; it will replace the GWS-31 and the GWS-31A, used to report construction of wells, monitoring holes, and test holes. An announcement is posted on DWR's Website that includes a link to [DWR's eForm System Quick Start Guide](#). The eForm Help Menu buttons will contain tips and additional assistance regarding the process to file online.*

DWR forms are available via the [eForms Dashboard](#).
Questions can be submitted through our [DWR AskDWR Information Request](#).

**Thank You,
The Records Team**

Please find attached the Notice of Intent to Construct a Non-Jurisdictional Water Impoundment Structure for RMCC Ellicott.

Please provide acknowledgement of this form. El Paso County is requesting confirmation that this form was submitted.

Thank you,

Tom
