April 13, 2017

Blue Roan Kennel AL-17-009

Please accept the following comments from El Paso County Public Health (EPCPH) regarding the project referenced above:

- The kennels normal operations and proposed changes are outside of the scope of health department regulations. Therefore, EPCPH does not have any comments or concerns with the application as submitted.
- We only recommend that animal wastes be controlled so as not to create a potential public health concern, and that animal food be stored in a manner that minimizes the potential for insect and rodent harborage.
- An onsite wastewater treatment system (OWTS) permit may be required if the new structure requires any connections to the existing OWTS.

A handwritten signature in black ink, appearing to read "Kat McGarvy".
