Adams Extended Family Dwelling, AL-18-006

Please accept the following comments from El Paso County Public Health for the special use project referenced above:

- Water service for both dwellings (5915 and 5925) is by an existing individual private well.
- Wastewater services for the project are provided by 2 separate onsite wastewater treatment systems (OWTS). The OWTS for the original dwelling (5915) was replaced with a new permitted and approved OWTS 2010. The OWTS for the second dwelling (5925) was properly permitted, installed and approved in 1996. It is recommended that gravity fed OWTS's be inspected by an OWTS professional at least every 4 years.
- No public health issues noted with the approval of this request.
