---

Craig,

Hope all is well.

It appears that N.E.S. Inc. on behalf of Sunshine Behavior Health has submitted a change of use from the Ramada hotel to a drug and alcohol rehabilitation facility. This site location is within close proximity (under .5 miles) of Lewis Palmer Elementary School and Lewis Palmer Middle School.

Are there any county zoning restrictions for this type of facility within such close proximity to a school?

Thank you in advance for your efforts and time. Take care.

Brian

Hello Mr. Kendall,

I am a Woodmoor resident and significantly concerned about the use of the Ramada property for alcohol and drug rehabilitation given the proximity to LPES, the middle school, Palmer Ridge High School and after-school activities near there. This is simply unacceptable even if it is an inpatient facility to subject children coming back and forth from school activities to potentially experiencing such patients that may be trying to escape, or physical fits of medical emergencies, all in visible areas of that property.

We are just now finally getting a walkway between the schools for an easier/safer way for children to get around independently between school and after-school functions and now there is the potential for an addition center right in the middle of that?!

I have never gotten involved in local politics or such issues, never even written a letter like this, but it is simply OUTRAGEOUS that this property location to be zoned as such. It looks like that zoning was done in 1972 from what I have read, and the community is much different now. It has to be reconsidered.

Thank you,  
Michele

Mr. Kendall,

I live in Woodmoor (for over 29 years) and wish to express my strong opposition to the proposed Rehab facility taking over the current Ramada Inn located on Woodmoor Drive.

Having such a facility with 3 schools nearby as well as a Brew Pub immediately behind it makes no sense from a security standpoint.

The company's plans do not indicate any provisions for on-site 24x7 security.

There is inadequate police protection from the El Paso County Sheriff in this area and the current Monument Police and Woodmoor Security do not have the staff, let alone legal responsibility, to patrol this area.

In addition, a facility of this nature will only depress the market values of homes of all Woodmoor residents.

There is already an existing facility on Route 105 near Palmer Lake - one is more than enough.

regards,  
John A. McDevitt  
Woodmoor, Monument, Colorado

Mr. Dossey and Mr. Glenn,

I'm writing to express my concern with the proposed treatment facility in Monument on Woodmoor Dr in unincorporated El Paso County. You've probably been inundated with reasons why this facility should not be in this location (near schools, brewery, liquor stores).

I would like to address this from the zoning standpoint.

According to the information found at <https://planningdevelopment.elpasoco.com/land-development-code/>, Chapter 4, C-2, which the Ramada is currently zoned, is an obsolete Commercial District.

Obsolete Zoning Districts "The C-1, C-2, M, and R-4 zoning districts have been declared to be obsolete pursuant to BoCC Resolution No. 91-59, Land Use 10 as replaced by Resolution 92-46, Land Use-9. No land will be rezoned to an Obsolete Zoning district. The BoCC may modify the allowed uses, special uses, and development standards within these zoning districts. **Landowners are encouraged to rezone land from an Obsolete Zoning district classification.** The BoCC may offer incentives, such as modified application fees in order to accomplish this goal." Since the new owner has "requested rezoning," this makes the BoCC culpable that this facility is not properly zoned. Will you "encourage landowners to rezone land from an Obsolete Zoning..."? The question is whether, because of the obsolete zoning, does it now need to be rezoned to a valid one found in Chapter 3? None of the current zoning definitions specify rehab facilities. And not all rehab facilities are created equal. There needs to be some delineation between physical rehab versus drug rehab. **Are there required distances from schools, much like porn or pot shops?**

Commercial Districts CC - Commercial Community CR - Commercial Regional CS - Commercial Service 3.2.5. Commercial District Purposes (A) CC, Commercial Community District The CC zoning district is intended to accommodate retail sales and service establishments that generally require freestanding or small center type buildings and that primarily serve adjoining neighborhoods. (B) CR, Commercial Regional District The CR zoning district is intended to accommodate regional centers

providing ease of pedestrian and vehicular circulation, unity of architectural design, and best serving the convenience of the public and aesthetic enhancement of the community and region. (C) CS, Commercial Services District The CS zoning district is intended to accommodate retail, wholesale or service commercial uses that serve the general public.

As a constituent, I highly oppose this establishment. It will not bring value to the area and will potentially tax our already stressed emergency services. Crime and safety are an added concern, as a facility similar to this in Red Rocks Ranch just north of here has experienced significant issues.

Please fight to deny the allowance of this treatment facility in northern Monument. It is incompatible with the areas surrounding it.

Sincerely,  
Jennifer Cunningham  
19615 W Top O the Moor Dr  
Monument, CO  
719-302-6066

Afternoon Peggy,

It was so good seeing you at the El Paso County Fair on Saturday. I love what you have done with your hair!

I didn't get the opportunity to catch up with you to discuss a situation happening in Darryl's district up in Monument, but wanted to just give you a heads up. Apparently you will be receiving a request to change/rezone the old Sundance Lodge/Ramada Inn into some "rehab" facility. Please know that it is less than a mile away from Lewis Palmer Middle School. I kindly ask that you do NOT allow this change.

That's it. That's my "two cents".

Please let me know if you have any questions or need additional information.

MAKE IT A GREAT DAY!

Dear Mr. Kendall,

I am the owner of the commercial property referred to as the Woodmoor Center within submitted documents. I have earlier copies of Table 5-1 which indicate a Special Use permit is required for a rehab facility in the C-2 zone. Since the C-2 zone is obsolete how can changes be made to that table which was codified with the original platting and zoning?

Also I observed several references to the town of Monument, and to my knowledge this land is not within Town boundaries.

Thank you for a review of these items.

Sincerely,  
Woodmoor Village, LLC

---

Mr. Kendall,

We are emailing you to express our opposition to the proposed change of use for the Ramada Inn (not a secure, enclosed facility since it has open access rooms) to a drug and alcohol rehabilitation facility. This will greatly affect not only the surrounding neighborhoods but also the businesses, schools, and quality of life.

How can a drug and alcohol rehabilitation facility be placed within walking distance of a brewery and multiple schools (Lewis Palmer Middle School, Elementary School, Monument Academy, Palmer Ridge High School, Charter School)? It significantly jeopardizes the safety of children and people living in surrounding neighborhoods.

All this in the same week as the local paper's headline is:

"MONUMENT POLICE ARE SHORT STAFFED Chief says criminal activity has spiked, officers are working 12-hour shifts to keep town safe"

As the TV ads express, please do not let Colorado become the next California by allowing this California based business bring a much unwanted drug and alcohol rehabilitation facility to our town with the potential to increase crime and safety to children, neighborhoods, and local businesses. We strongly oppose this and ask that you do not allow this!

Thank you for your consideration of this matter.

Concerned citizens,  
Gary and Paulette Smith

Dear Mr. Kendall,

I am writing to express my opposition to this suggested change in facility usage of The Ramada Inn in Woodmoor to a Drug Addicts and Alcoholics Rehab Facility.

Yes, I live here and do not want to see my property values effected by this insane potential usage change, nor would I assume El Paso County would like their Property Tax Revenue to decrease as a result.

I can see new people as they look at buying in Woodmoor saying what is that over there? Oh it's a huge Drug Addict and Alcoholics Rehab Center. "Thanks, but we'll consider buying somewhere else." Why the tall fence with the guarded gate? To keep the addicts and drunks from harassing the school kids up the street at the Middle School, and the residents. Or from them staggering around on Woodmoor Drive and getting hit by a car, or from them bothering the firefighters in The Station next door. --- Nice huh?

I entreat you and The El Paso County Commissioners to deny this potential change of use.

Respectfully,

Charles Cooke

Do you realize the drug rehab will be 1/2 block from the middle school? You cannot make assurances that the selling of drugs by friends of the inhabitants will not be targeted at that area. It is too close! Answer appreciated. Margaret maloney

We strongly oppose the plan to place a rehab center in this neighborhood. The hotel under consideration is across the street from a Middle School where the young boys and girls are out walking and jogging all year long. Just up the road a mile is a High School where young people again are free to participate in sports without the worry of endangerment nearby. Very close by is a Grade School. This community is settled by families who want to get away from these endangerments of drug and alcohol abusers. I cannot think of any possible justification for placing a rehab center here. In addition, there is currently a rehab center on Highway 105 between Monument and Palmer Lake.

As residents of Woodmoor, my husband and absolutely OPPOSE.

1) Isn't anyone thinking about how close this is to the school?? You've got to be kidding me...

2) We have friends who live in the Palmer Lake area near the rehab center there. They and their neighbors experienced home robberies after the rehab center opened there. If the operators of the rehab center want to open center in an upscale neighborhood like Woodmore, then I expect them to pay for the alarm system for my home, the increase in my home owners insurance after after the robberies and a gun for our home.

Do you realize the drug rehab will be 1/2 block from the middle school? You cannot make assurances that the selling of drugs by friends of the inhabitants will not be targeted at that area. It is too close! Answer appreciated. Margaret maloney

Mr. Kendall:

I am forwarding this email to you because I forgot to send a copy to you. Despite what you do to the zoning, this is still overwhelmingly a residential area.

Norm Kramer

Woodmoor Resident

**Subject:** Ramada Inn conversion to rehab center

Dear Mr Glenn:

As a resident of Woodmoor in Monument I am very upset that you would approve a zoning use change of the

Ramada Inn location to an alcohol and drug rehab center. This change was a real surprise to the majority of

residents in our area because there was a lack of transparency prior to the announcement of the change by

N.E.S. on behalf of Sunshine Behavioral Health.

I would guess that you have never personally inspected the property location first hand; because you would

have been aware that the site location is 1000ft from a middle school on the same street, 200ft from the

Monument Library which is frequented by children of all ages and approximately 2000ft from an elementary

school east of the Ramada. Furthermore, there is a new affordable housing development that has been

completed and is now sold out (The Dunes) about 300ft from the Ramada location. There is also another

new development about to begin, about one half mile from this site. I wonder how these new residents feel

about the rehab center plan.

My concern is for the safety and well being of the children's activity along Woodmoor Dr. and Lake Woodmoor Dr.

The Monument Police Dept. is already short staffed and are working 12 hour shifts. The Fire Dept. also has its issues.

Two years ago a similar proposal was denied because of the proximity of the same type of center to Best Elementary and St. Peter's church school. What has changed?

Dear Mr. Kendall,

Thank you for having emailed me links to The Zoning Codes, I guess? I was up until 3:00 A.M Sunday morning reading them trying to find pertinent data that might help our cause in opposition. I didn't. : ( - Not my idea of a really fun time.

I have called you a couple of times, and left messages. Apparently so far you haven't had time to call me back.

**What I would like to know, please. (1) Have all Sunshine Behavioral Health (NES) planned site improvements been approved per Regional Building? Permits issued? And when were they issued? Dates please? What are their estimated dates to completion?**

We already know they are closing on the sale tomorrow. How, called their Title Company and asked. I see there original site proposal was dated "July" with no specific date. I believe you guys received it July 6th. Wish we had know then. Oh well. No one told us or made the info public other than possibly our having to do 'mind reading' to know to search for it on The County Web Site at that time.

I look forward to hearing from you.

Respectfully,

Charles N Cooke  
Monument, CO 80132
