Re: **FALCON FIRE PROTECTION DISTRICT – APPARENT MINERAL ESTATES OWNER LETTER
APN 53124-00-015 & 014**

To Whom It May Concern:

This letter is being sent to you because **FALCON FIRE PROTECTION DISTRICT** is proposing a Metro District construction project on District property in El Paso County. You are being notified of this because Whirlpool Corporation is the apparent successor to Chicago Pacific Corporation (through acquisition by Maytag Corporation and subsequent acquisition by Whirlpool). When the Fire District bought this property through the Bankruptcy Court for the Chicago, Rock Island and Pacific Railroad, the mineral rights were reserved for Chicago Pacific Corporation (see attached conveyance deeds). The mineral estates owner is required to be notified when an action through El Paso County for a construction project is submitted. This information is being provided to you prior to the submittal with the County. Please direct any questions on the proposal to the contact(s) noted below. Prior to any public hearing on this proposal a notification of the time and place of the public hearing will be sent to the adjacent property owners by the EL PASO COUNTY PLANNING AND COMMUNITY DEVELOPMENT DEPARTMENT. At that time you will be given the El Paso County contact information, the file number and an opportunity to respond either for, against or expressing no opinion in writing or in person at the public hearing for this proposal.

LAND DEVELOPMENT CONSULTANTS, INC. (LDC) is representing the owner of the above referenced property in this application for a Location Approval for a new Fire Station to replace the existing Fire Station and an Exemption Plat for the same property (see attached Exhibit).

The subject area is a portion of the South Half of Section 12, Township 13 South, Range 65 West of the 6th P.M., in El Paso County, Colorado. It is west of Old Meridian Road and adjacent to US Highway 24. The specific property-of-interest is a 5.424-acre parcel that was originally part of the Chicago, Rock Island and Pacific Railroad Right-of-Way and is zoned PUD.

A new fire station facility is planned for this development. Electric service is to be provided by MOUNTAIN VIEW ELECTRIC ASSOCIATION and gas service is to be provided by CSU. Fire protection is to be provided by the FALCON FIRE PROTECTION DISTRICT. The existing fire station will be remodeled for administration offices.

This application is in complete conformance with the Falcon/Peyton Community Plan and is a normal continuation of the development process. There are no planned variance or waiver requests anticipated.
