---

The El Paso County Environmental Division has completed its review of The Commons at Falcon Field Filing No. 2 SF255. Our review consisted of the following items: wetlands, federally listed threatened or endangered species, general wildlife resources and noxious weeds.

1. A completed U.S. Army Corps of Engineers (USCOE) permit or concurrence of non-jurisdictional status from the USCOE shall be provided to the Planning and Community Development Department prior to project commencement. The applicant is hereby on notice that the USCOE has regulatory jurisdiction over wetlands. It is the applicant's responsibility, and not El Paso County's, to ensure compliance with all applicable laws and regulations, including, but not limited to, the Clean Water Act.
2. Be advised that migratory birds and the nests and eggs of these species are protected under the Migratory Bird Treaty Act (MBTA). The applicant is hereby on notice that the U.S. Fish and Wildlife Service has regulatory jurisdiction over migratory bird species. It is the applicant's responsibility, and not El Paso County's, to ensure compliance with all applicable laws and regulations, including but not limited to the MBTA.

The applicant must obtain the necessary approvals from all federal, state and county agencies as a part of their planning process.
