Agenda Item Title: Crossroads at Meadowbrook Mixed-Use Preliminary Plan and Rezone

Agenda Date: January 13, 2021

Agenda Item Number:

Presenter: Ross Williams, Park Planner

Information: **Endorsement:** X

Background Information:

This is a request for endorsement by Kimley-Horn Associates on behalf of Colorado Springs Equities, LLC, for The Crossroads at Meadowbrook Mixed-Use Preliminary Plan and Rezone, consisting of 1 multi-family residential lot, consisting of an apartment complex with 360 residential units, and 10 commercial lots on a total of 29.04 acres. The property is currently zoned CR, but the applicant is requesting a concurrent rezone to RM-30 for the 12.70-acre multi-family residential lot. The site is located at the intersection of East Highway 24 and Meadowbrook Parkway.

The El Paso County Parks Master Plan (2013) shows no open space, park facilities, or trails directly impacted by or within the project area. The project site is located on the northwest side of Highway 24 East, near the intersection of Highway 94. The proposed Highway 94 Secondary Regional Trail and the proposed Highway 94 Bicycle Route begin at this intersection and travel east, away from the project site. Lastly, the Falcon/Garrett Road Candidate Open Space land is located .5 mile to the east of the project site.

The surrounding neighborhood does not offer any recreation facilities beyond a 9-hole golf course located 0.60 mile west of the project area and two elementary school playgrounds, each located at least 0.75 mile from the project site. The nearest public neighborhood park is located 1.35 miles to the north. Under the current Preliminary Plan, no specific parks, trails, or concurrent and useable open space are drawn or specified beyond 3.11-acre Tract A, whose use in the Tract Table is described as parks and open space, as well as public improvements and utilities, landscaping, and sidewalks. Two site/shade plans are included in the rezoning application, and show what appear to be a clubhouse, pool, and an open space area in a central location to the multi-family apartment complex. However, the applicant states in the accompanying Letters of Intent that specific details regarding open space and landscaping will be identified on forthcoming preliminary plans and final plats, which are dependent on the rezoning of the multi-family residential lot.

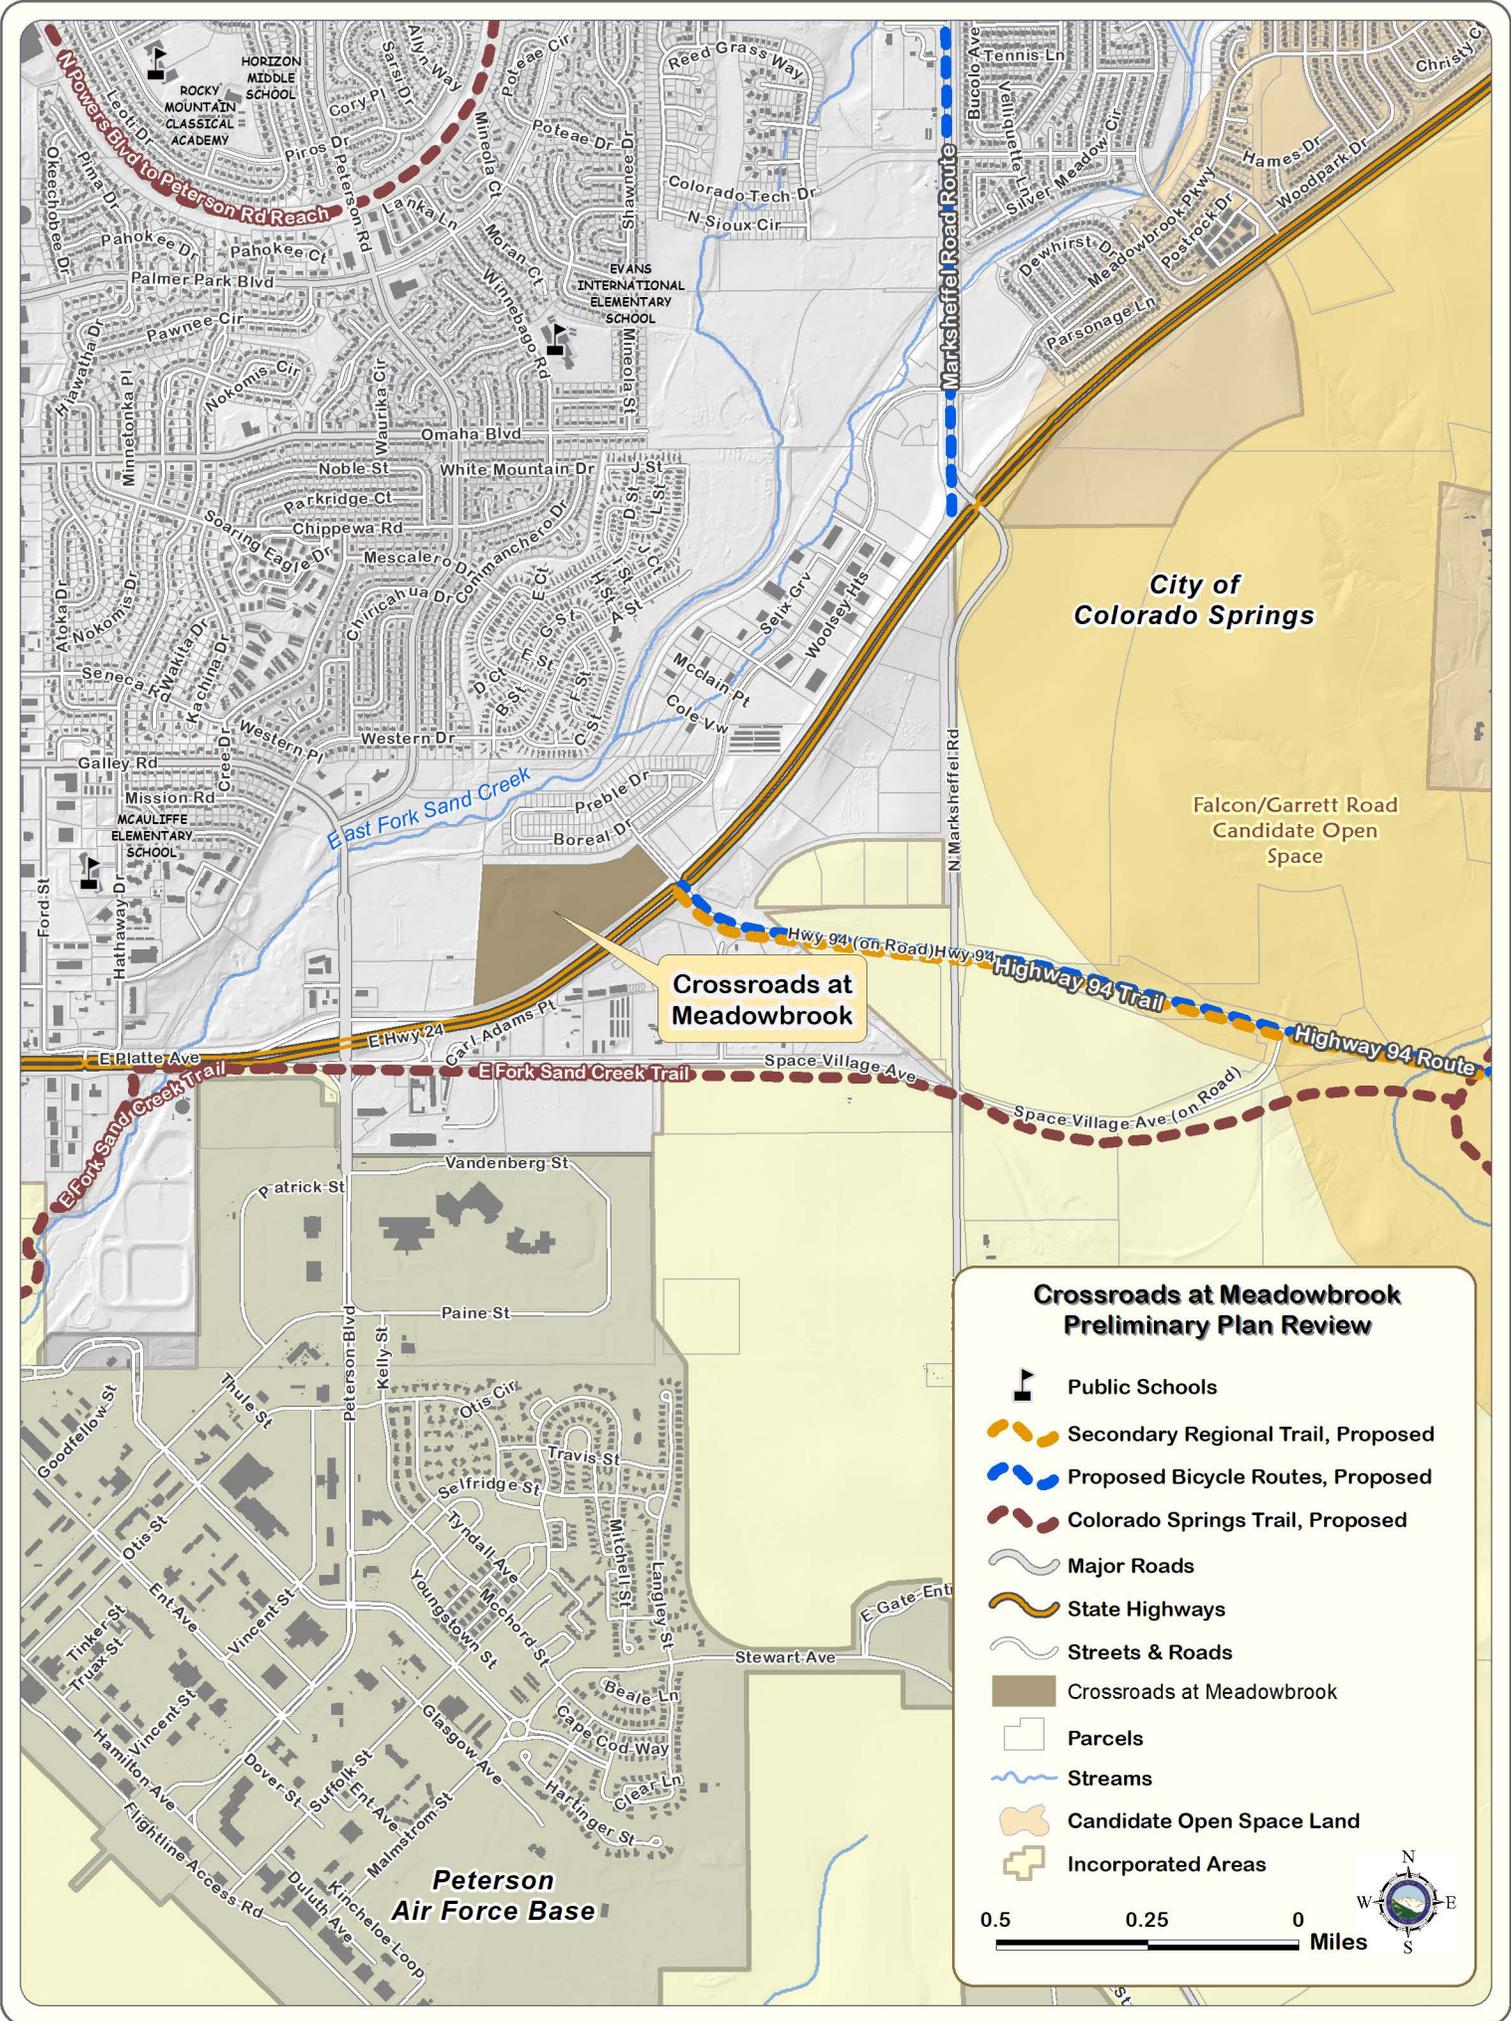

The El Paso County Land Development Code does not require a 10% open space dedication for subdivisions that are not classified as PUD zoning. However, the Crossroads at Meadowbrook Preliminary Plan includes 4.14 acres of open space, or

14.3% of the total project area, dedicated to open space, landscaping tracts, utilities and drainage. As noted previously, forthcoming preliminary plans and final plats will more accurately identify the specific uses of each open space tract.

As no trail easement or park land dedications are required for this application, staff recommends regional and urban park fees in lieu of land dedication for regional or urban park purposes for the 360-unit multi-family residential lot, to be assessed on the forthcoming final plat(s). The remaining commercial lots will not be assessed fees, as the El Paso County Board of County Commissioners has not elected to require park fees on proposed commercial property. Furthermore, staff encourages the applicant to develop publicly accessible recreational amenities and useable open space facilities, which allow for multi-age recreational opportunities, as well as safe pedestrian connections to adjacent commercial properties.

Recommended Motion (Preliminary Plan and Rezone):

The Park Advisory Board recommends that the Planning Commission and the Board of County Commissioners include the following conditions when considering and/or approving the Crossroads at Meadowbrook Mixed-Use Preliminary Plan and Rezone: 1) staff recommends that the applicant develop publicly accessible recreational amenities and useable open space facilities, 2) fees in lieu of land dedication for regional park purposes in the amount of \$168,120 and urban park fees in the amount of \$106,200 will be required upon recording of the forthcoming final plat(s). A Park Lands Agreement may be an acceptable alternative to urban park fees, provided the agreement is approved by the County and executed prior to recording the forthcoming final plat(s).
