

As an El Paso County homeowner I would like to endorse the proposal referenced in the subject line. The thoughtfulness and effort of "The Shire at Old Ranch", to incorporate the elements that are described in their proposal is remarkable. To current, and future beneficiaries of their endeavor the Planning Commission would do a great service to "ALLOW and APPROVE" the USE and remain apprised of the endeavor to see what the future of "COMMUNITY DEVELOPMENT" can be. Thank you for your consideration and vision.

Respectfully, Marcus Katsos
