

Pikes Peak Regional Building  
Department

Enumerations has the following comments:

1/13/2025 10:16:59 AM

1. The addresses assigned to current Tract C Crossroads Mixed Use Filing No. 2 may change as part of the plat for Filing 3. Prior to submitting building plans for review/permit, the applicant needs to verify the address to be used once the addressing plan for Filing 3 has been created.
2. The street name of Central Rail Point is shown as Central Rail Way on the site plan. Update the plan to show the street name correctly.
