Re: El Paso County Parks Easement for Parcel #5208000041

Dear Christy,

Staff has completed a review of the El Paso County Parks Master Plan, 2013 for potential interest in easements in the proximity of the property located at the Northwest intersection of Herring and Shoup Roads. At this time there is no immediate interest in seeking a public trail easement on the property located at 7680 Shoup Road.

El Paso County currently operates the Black Forest Section 16 trail southeast of Shoup and Herring Roads. The County Parks Master Plan does not include any plans to expand trailhead or access to the trail system, therefore at this time there is no need for public trail easement at 7680 Shoup Road.

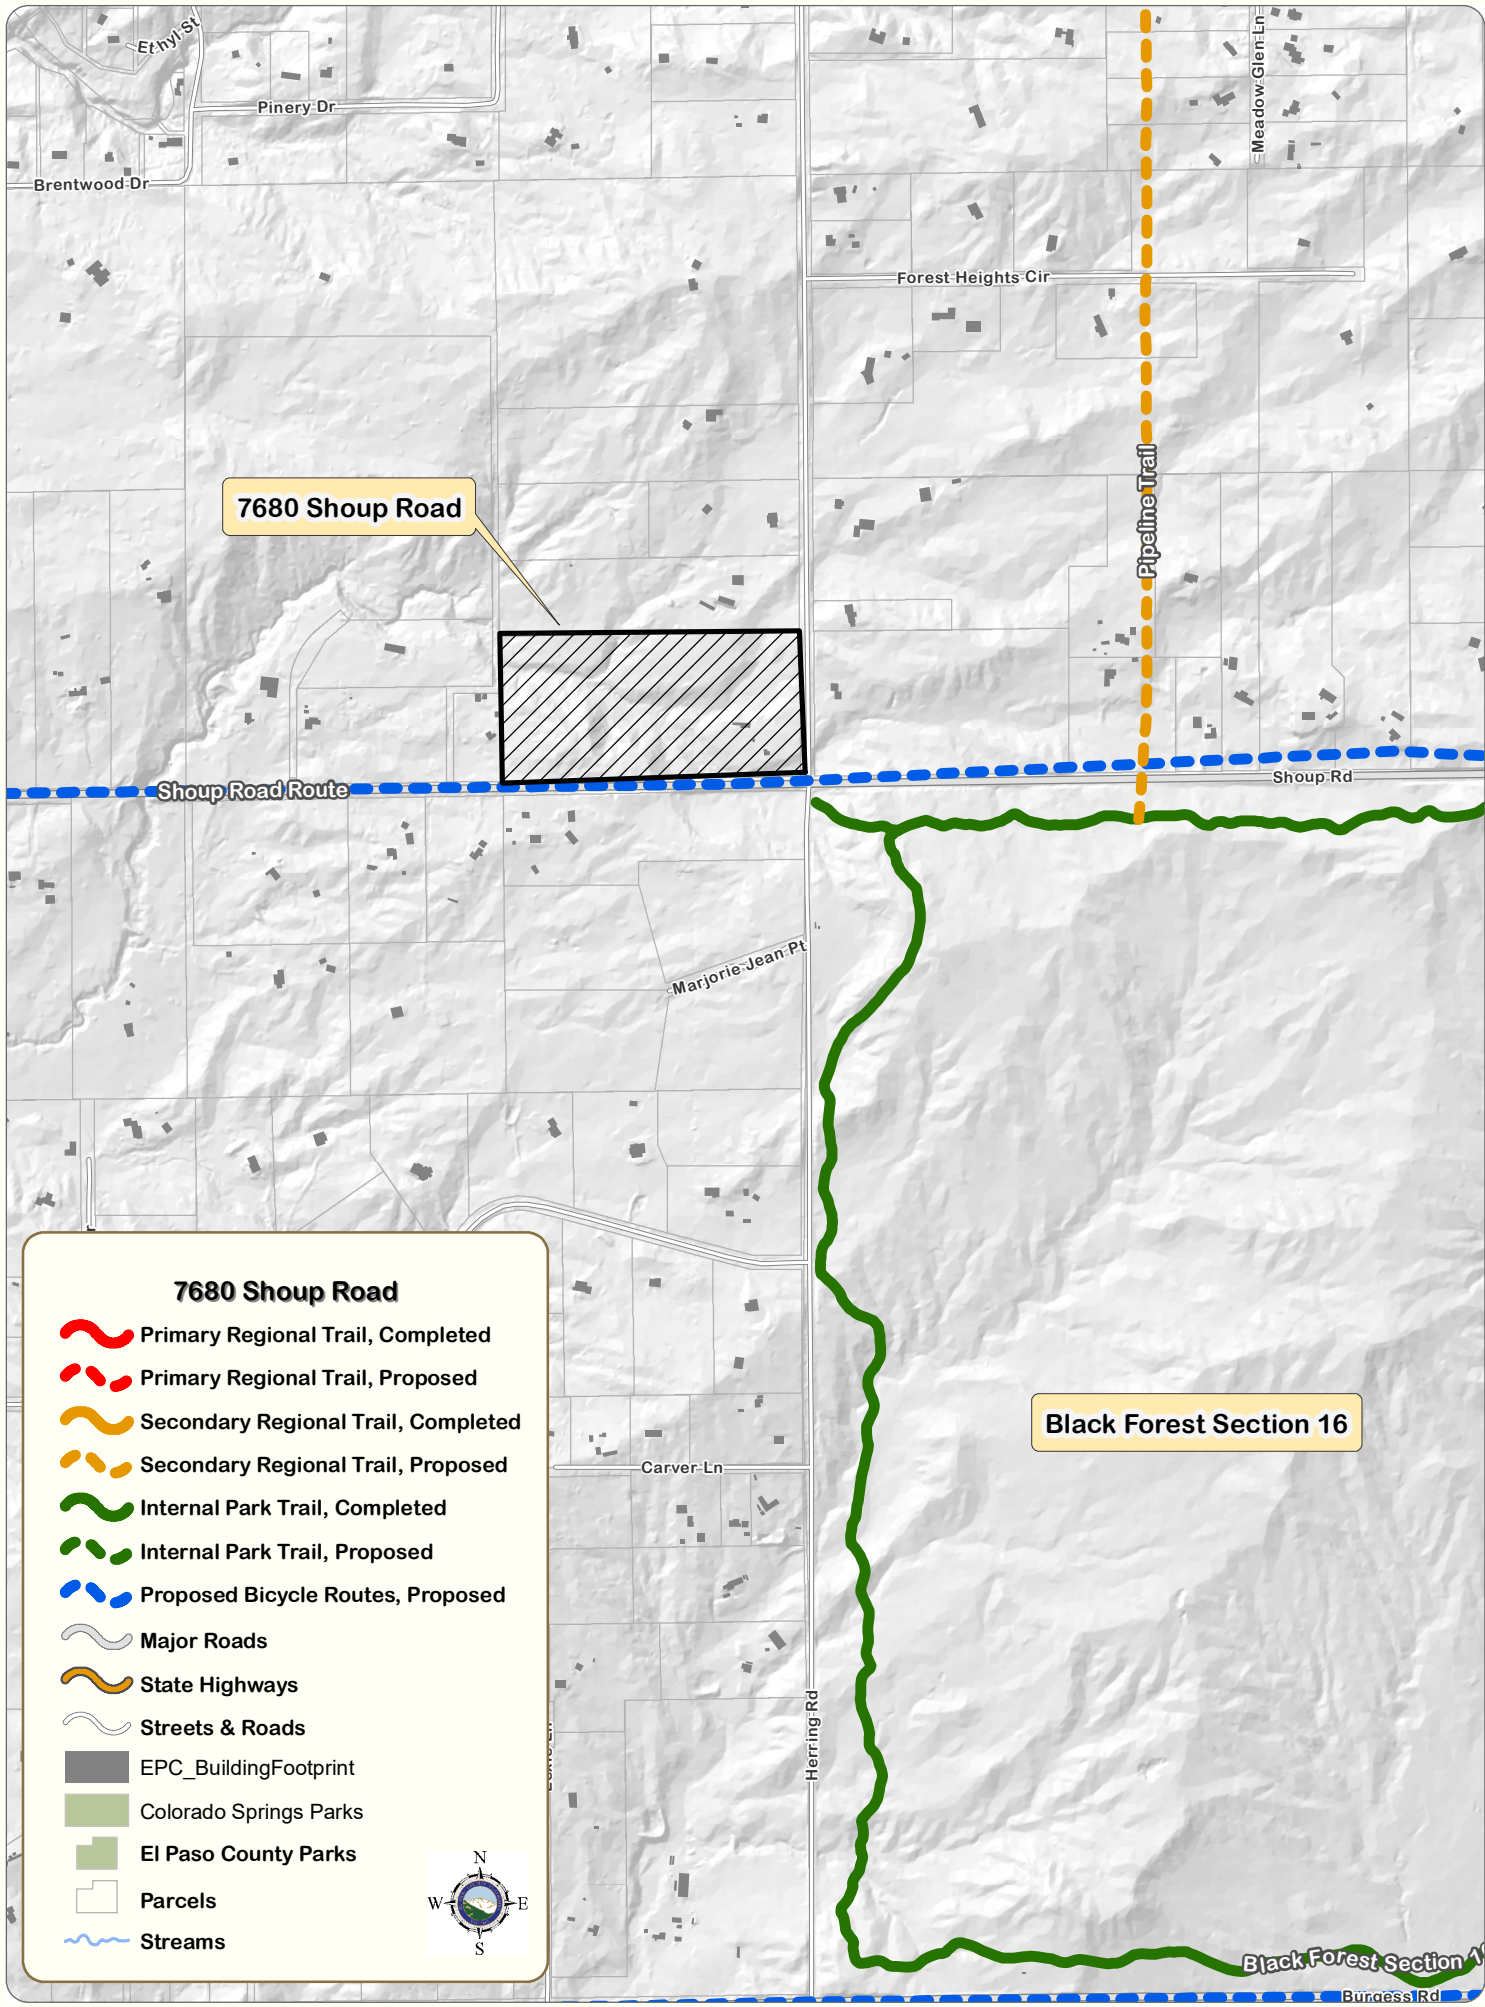

The County Parks Master Plan identifies the Shoup Road Bicycle Route running along Shop Road along the southern portion of the property. This bicycle route will be accommodated within El Paso County ROW, and therefore no public trail easements are being requested at this time.

I hope you find this information useful and that is adequately addresses your questions. If you have any additional questions please let me know.

Thank you,

Jason Meyer
