RE: AT&T Site: COL02029 / FA# 10093625 / CORRAL BLUFFS  
**\*\*ELIGIBLE FACILITIES REQUEST\*\***  
Site Address: 2160 N BLANEY ROAD  
El Paso County File #: TWR2412

This application is for a modification to an existing wireless communication facility. **This is an eligible facilities request.** AT&T is proposing to swap antennas and associated equipment on existing Wireless Communication Facility in order to improve existing service.

This will not be a substantial change and there will be no increase to the height of the tower, or to the size of the lease compound.

AT&T proposes to replace the existing (3)10.5' antenna mounts with (3) new 12'mounts which would not protrude from the edge of the structure by more than 6' in any direction.

AT&T will replace (3) 8' antennas with (6) stacked antennas, remove (3) TMAs and replace (9) RRHS. (1) power cable and (1) fiber cable will be added to the tower.

No new cabinets will be installed. All ground work will take place within the existing shelter.

There will be no excavation needed for this project.

This project does not have an concealment requirements and will comply with all conditions of sitting approval.

Sincerely,

**Carrie Ann Powell**
