

GENERAL PROVISIONS

- A. **Authority.** This PUD is authorized by Chapter 4 of the El Paso County Land Development Code, adopted pursuant to the Colorado Planned Unit Development Act of 1972, as amended.
- B. **Applicability.** The provisions of this PUD shall run with the land. The landowners, their successors, heirs, or assigns shall be bound by this Development Plan, as amended and approved by the Planning and Community Development Director or Board of County Commissioners.
- C. **Adoption.** The adoption of this development plan shall evidence the findings and decisions of the El Paso County Board of County Commissioners that this Development Plan for Haven Valley is in general conformity with the El Paso County Master Plan, El Paso County Policy Plan and applicable Small Area Plan; is authorized under the provision of the El Paso County Land Development Code; and that the El Paso County Land Development Code and this development plan complies with the Colorado Planned Unit Development Act of 1972, as amended.
- D. **Relationship to County Regulations.** The provisions of this Development Plan shall prevail and govern the development of Haven Valley, provided, however, that where the provisions of this Development Plan do not address a particular subject, the relevant provisions of the El Paso County Land Development Code in effect at the time of the PUD plan approval (or owner acknowledge the PUD changes with the Code), or any other applicable resolutions or regulations of El Paso County, shall be applicable.
- E. **Enforcement.** To further the mutual interest of the residents, occupants, and owners of the PUD and of the public in the preservation of the integrity of this development plan, the provisions of this plan relating to the use of land and the location of common open space shall run in favor of El Paso County and shall be enforceable at law or in equity by the County without limitation on any power or regulation otherwise granted by law.
- F. **Conflict.** Where there is more than one provision within the development plan that covers the same subject matter, the provision which is most restrictive or imposes higher standards or requirements shall govern.
- G. **Maximum Level of Development.** The total number of dwellings or the total commercial, business, or industrial intensity shown on the development plan for development within the specified planning areas is the maximum development requested for platting or construction (plus any approved density transfers). The actual number of dwellings or level of development may be less due to subdivision or Site Development Plan requirements, land carrying capacity, or other requirements of the Board of County Commissioners.
- H. **Project Tracking.** At the time of any final plat application, the applicant shall provide a summary of the development, to date, to Planning and Community Development, in order to assure maximum development limits are not exceeded.
- I. **Overall Project Standards.** The standard zoning requirements of El Paso County Land Development Code, as amended, including off-street parking, landscaping, site development, accessory and temporary uses, and use by special review and variance processes shall apply to this PUD, except as modified below.
- J. **Easements.** Unless otherwise indicated, all side, front, and rear lot lines will include a 5 foot public utility and drainage easement unless otherwise indicated. All exterior subdivision boundaries will include 7 foot public utility and drainage easement. The sole responsibility for maintenance of these easements is hereby vested with the individual property owners.
- K. **Private Roads.** The private roads as shown on this plan will not be maintained by El Paso County until and unless the streets are constructed in conformance with El Paso County standards in effect at the date of the request for dedication and maintenance.
- L. **Stormwater Drainage.** All property owners are responsible for maintaining proper storm water drainage in and through their property. Public drainage easements as specifically noted shall be maintained by the individual lot owners unless otherwise indicated. Structures, fences, materials or landscaping that could impede the flow of runoff shall not be placed in drainage easements.

DEVELOPMENT GUIDELINES

- A. **Project Description:** Haven Valley is a planned residential community on 11.7678 acres of land located south west of the intersection of Alturas Dr. and Cable Ln. The project is planned as a single family detached and attached community with a range of lot sizes and contiguous common open space throughout.

PUD MODIFICATIONS

LDC/ECM Section	Category	Standard	Modification	Justification
1 LDC Chapter 8.4.4(E)(2)	Private Roads	Use of private roads shall be limited	Private roads proposed to serve only this subdivision	Private roads and internal pedestrian ramp design provide more flexibility for the development to accommodate the higher density infill development and create a more compact community design that allows for more open space and internal sidewalk connectivity. The private roads will be owned and maintained by the Homeowners Associations. Private roads and modified pedestrian ramp designs were approved with the previously recorded PUD Plan, Preliminary Plan and Final Plat for Patriot Village.
2 LDC Chapter 8.4.4(E)(3)	Private Roads to meet County standards	Private roads shall be constructed and maintained to ECM standards	Eliminates the 5.5-foot buffer on either side of the sidewalk for Urban Local (Low Volume) Roadway Cross-Section	
3 LDC Chapter 8.4.4(E)(3)	Private Roads to meet County standards	Private roads shall be constructed and maintained to ECM standards	Modified SD, 2-50 Internal Pedestrian Ramp design on private streets
