**Subject: Latigo Trails Filing No. 9 Final Plat (Formerly Filing No. 10), Review #2 – (SF-21-036)**

Hello Kylie,

The Park Operations Division of the Community Services Department has reviewed the Latigo Trails Filing No. 9 (**Formerly 10**) Final Plat, Review #2, development application and has no additional comments of behalf of El Paso County Parks. Staff acknowledges the recent plat number modification, in which Latigo Trails Filing No. 10 was renamed Latigo Trails Filing No. 9 and vice versa; the change is **noted** in the comments and recommended motion below, as well as on the attached Development Application Permit Review Form. This application and the following comments and recommendations were presented to and endorsed by the Park Advisory Board on December 8, 2021:

This is a request by William Guman and Associates, Ltd., on behalf of Cheyenne Mountain Development Company, LLC., for endorsement of Latigo Trails Filing No. 9 (**Formerly 10**) Final Plat. At approximately 1,030 acres, the overall Latigo Trails community is zoned RR-2.5 and is located immediately north of the Meridian Ranch development and Falcon Regional Park, northeast of the town of Falcon, southwest of the intersection of Eastonville Road and Latigo Boulevard. The proposed 107-acre filing will include 39 single-family residential lots, with a minimum lot size of 2.5 acres. The property is within the Falcon-Peyton Small Area Master Plan boundary.

The 2013 El Paso County Parks Master Plan shows no direct impacts to any proposed or existing parks, trails, or open space. Falcon Regional Park is located approximately 0.20 mile southeast of the project site, while the proposed and partially existing Meridian Ranch Secondary Regional Trail is located immediately south of the property within the Meridian Ranch development. Furthermore, the proposed Eastonville Primary Regional Trail is located 0.65 mile east of the property, while a proposed southern extension of the Latigo Secondary Regional Trail runs north-south through Latigo Trails, but is not impacted by Filing No. 9 (**Formerly 10**). Because the Latigo Trails subdivision is zoned RR-2.5, the project is not subject to the El Paso County Land Development Code's 10% open space requirement.

The Open Space Master Plan of the 2013 Parks Master Plan shows that the project site is located entirely within the Judge Orr Road Candidate Open Space. Natural resource values include wetland vegetation and wildlife habitat, as well as tallgrass and bluestem grasslands, some species of which are globally vulnerable. Water quality protection is a concern in this area that drains ultimately to Black Squirrel Creek. The project would not be in conflict with the plan, as long as operations do not adversely affect water quality or negatively impact surrounding grasslands and wetlands. Large 2.5-acre lots, natural landscaping, and a lack of local wetlands and waterways greatly reduces overall impacts to the surrounding environment.

As no park land or trail easement dedications are necessary for Latigo Trails Filing No. 9 (**Formerly 10**) Final Plat, parks staff recommends fees in lieu of land dedication for regional and urban park purposes upon recording of this Final Plat.

**Recommended Motion: (Filing No. 9 (Formerly 10) Final Plat):**

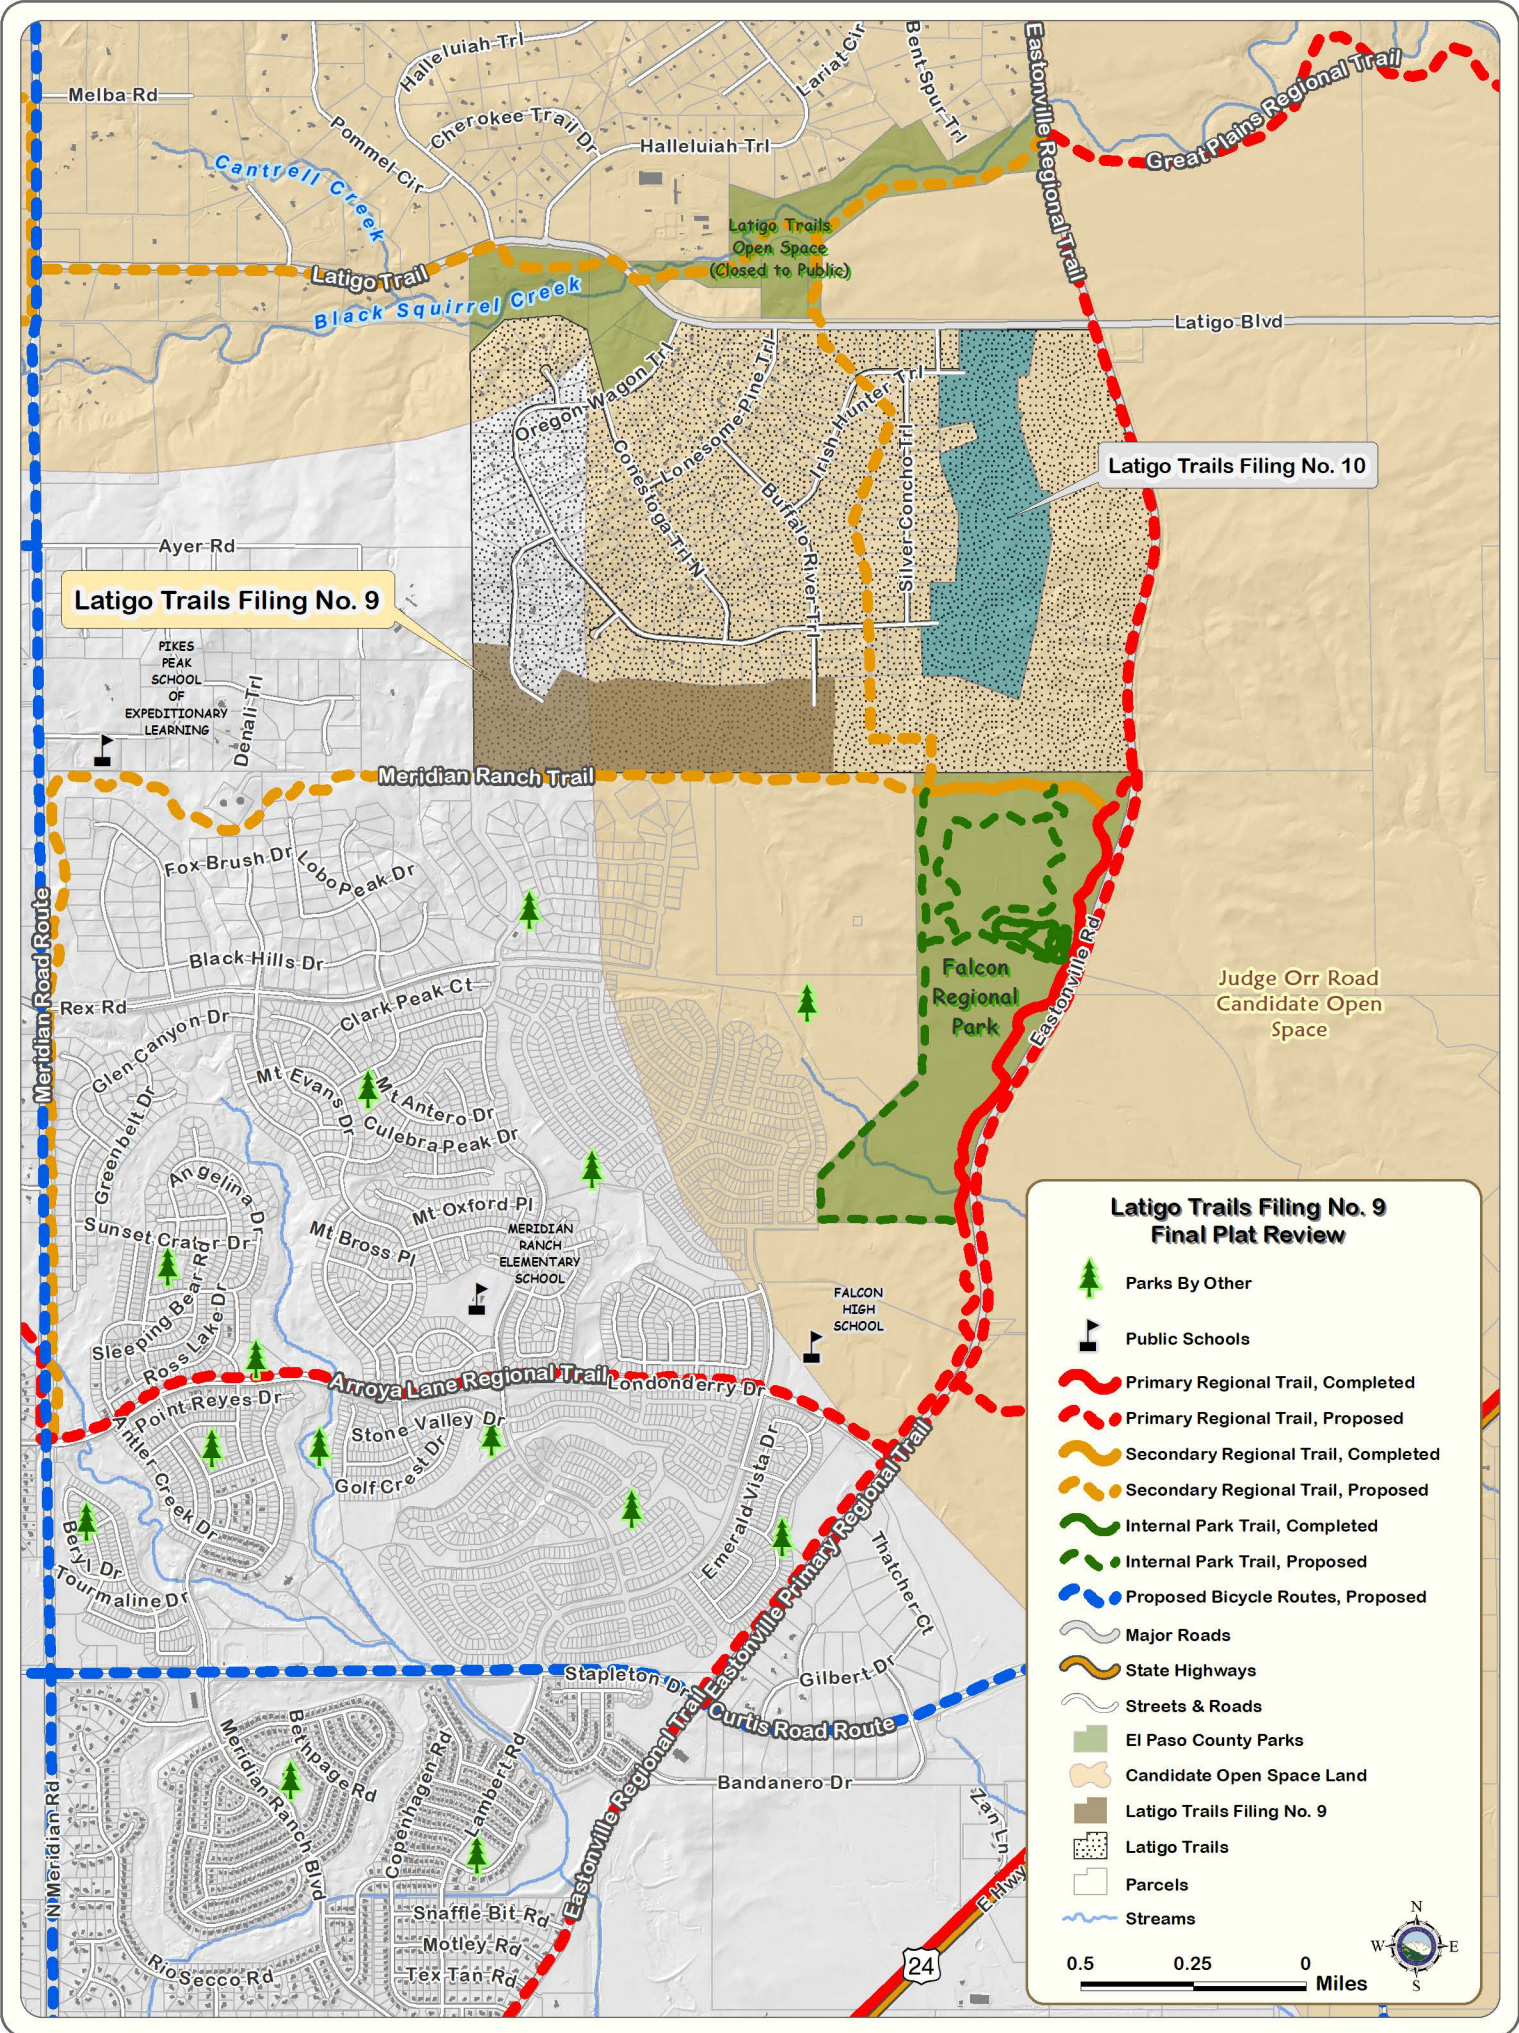

*The Park Advisory Board recommends that the Planning Commission and the Board of County Commissioners include the following condition when considering and/or approving Latigo Trails Filing No. 9 (Formerly 10) Final Plat: require fees in lieu of land dedication for regional park purposes in the amount of \$17,940.*

Please feel free to contact me should you have any questions or concerns.

Sincerely,
