Hello,

I believe that in the past when we had pushback from the tower companies we had said that we would not require the removal agreement. Please process without and add a note once the approval time comes indicating that this is the route we are taking.

Dear Nina, Mercedes, and Lori:

Please see our attached letter, in which we addressed our position on all of the pending issues for COM Nos. 2130, 2133, and 2138 as well as the Lucky Four Ranch Application, which Zach has attempted to set up in EDARP on multiple occasions with no success. We really do think that it would be great to jump on a Teams call with you to walk through everything and see what our best path forward might be on these important applications.

Thank you!

Best regards,
