RE: Administrative Special Use Request for a stealth commercial mobile radio service (CMRS) facility

File: AL-19-021
Parcel ID: 55000-00-164

To Whom It May Concern:

This letter is to inform property owners adjacent to 5311- 6316 Fountain Valley School Drive that Q3 Consulting has requested a special use to allow for a stealth commercial mobile radio service (CMRS) facility within the A-5 (Agricultural) and CAD-O (Commercial Airport Overlay) zoning district. You were previously notified regarding this application in August 2019 and no revisions to the proposed project scope have occurred but, because several months have passed while the project was undergoing review, we wanted to ensure that adjacent property owners are aware of the project.

The Planning and Community Development Director may make a formal decision regarding the request on January 29, 2019 at 4:30 P.M. Any comments or questions may be forwarded to me prior to that decision. At the discretion of the Planning and Community Development Director, the approval process may be elevated to the Board of County Commissioners for consideration. Administrative approval by the Planning and Community Development Director is subject to the appeal provisions of the Land Development Code.

You may view the application documents online at www.epcdevplanreview.com. Please feel free to contact me with any questions, comments, or concerns you may have prior to the decision.

Sincerely,

Lindsay Darden, Planner II
