Capacity Issues	There are no downstream capacity issues

Issues Identified:

--

Note:

- Approval of this plan does not reserve capacity in the wastewater system until a building permit is obtained.
- Approval of this plan does not represent approval of the wastewater collections system configuration or design.
- The Developer shall be responsible for all wastewater collection system extensions required to serve the proposed development.
- Re-approval of the wastewater master plan shall be required if: Any portion of the approved plan is modified, and/or adjoining development occurs first.
