Re: Ellicott School Addition 2 Bldgs (PPR2250 & ASB2429)
Site Utilities
M.V.E. Project No. 61183

Dear Mr. Walters:

The site utilities at the Ellicott School Addition - 2 Bldgs project (PPR2250 & ASB2429) consisted of the extension of the District's private wastewater and private water systems as shown on the Utility Service Plans. These facilities are not accepted or subject to acceptance by any outside agency other than the owner (School District 22). The primary electric service was installed by Mountain View Electric Association (MVEA) and the secondary service facilities were completed by the project electrical contractor with inspections by the MVEA. No further acceptance is anticipated.

Very truly yours,

M.V.E., Inc.
