Dear Mr. Dossey,

Please accept this letter as a formal request by Glen Development Company for an extension of approval for the final plat of The Glen at Widefield East Filing No. 9. We received our BOCC approval for this filing on October 9th, 2018. After our approval we proceeded through our bid process and began construction in early 2019. During our construction we were approached by Widefield Water and Sanitation District and they requested that we alter some of our construction plans to accommodate a new connection being brought in from an outside developer. Through this process we lost a significant amount of time in the redesign and subsequent construction. Due to the changes, we ran into to significant groundwater that would have otherwise been avoided. As we approach the deadline for our approval, we are now about sixty days behind our initial schedule. With these delays it will now be difficult to get everything lined up for recording before our approval expires. We are requesting an extension on our approval so that we can wrap up our construction and get this plat recorded. If you have any questions or need any further information please do not hesitate to contact me.

Thank You,

J. Ryan Watson

CONDITIONS

1. All Deed of Trust holders shall ratify the plat. The applicant shall provide a current title commitment at the time of submittal of the Mylar for recording.
2. Colorado statute requires that at the time of the approval of platting, the subdivider provide the certification of the County Treasurer's Office that all ad valorem taxes applicable to such subdivided land, or years prior to that year in which approval is granted, have been paid.
