RE: Sterling Ranch Filing No. 3
El Paso County, Colorado
Transportation Memorandum
LSC #184662

Dear Mr. Morley:

LSC Transportation Consultants, Inc. has prepared this transportation memorandum to accompany the Sterling Ranch Filing No. 3 submittal. Sterling Ranch is located east of Vollmer Road near Lochwinnoch Lane between the future extensions of Marksheffel Road and Stapleton Drive in El Paso County, Colorado. This memorandum contains the following:

- A summary of the proposed land use and access plan;
- The projected average weekday and peak-hour vehicle trips to be generated by the Filing No. 3 land uses;
- Recommendations for street functional classifications for streets within Filing No. 3;
- The required Countywide Road Impact Fees; and
- An amendment to the Improvements Table from the Preliminary Plan (Table 4 from the *Sterling Ranch Filing No. 2 and Sterling Ranch Phase 2 TIA*).

PREVIOUS TRAFFIC REPORTS

LSC prepared a traffic impact study (TIS) for the entire Sterling Ranch development dated June 5, 2008. LSC also prepared a traffic impact analysis for the Phase 2 Preliminary Plan entitled *Sterling Ranch Filing No. 2 and Sterling Ranch Phase 2 Traffic Impact Analysis*, dated June 23, 2021. That Preliminary Plan TIS included the area now planned for Sterling Ranch Filing No. 3.

SITE DEVELOPMENT AND LAND USE

Sterling Ranch Filing No. 3 includes 63 lots for single-family homes. Two full-movement access points are proposed to Sterling Ranch Road. The land use and access plan are consistent with what was assumed in the Phase 2 TIS. The site plan for the currently-proposed Filing No. 3 is attached.

TRIP GENERATION

Estimates of the traffic volumes expected to be generated by the site have been made using the nationally-published trip-generation rates found in *Trip Generation, 10th Edition, 2017* by the Institute of Transportation Engineers (ITE). Table 1 shows the results of the trip-generation estimates.

As shown in Table 1, Sterling Ranch Filing No. 3 is projected to generate about 595 new vehicle trips on the average weekday, with about one-half of the vehicles entering and one-half of the vehicles exiting in a 24-hour period. During the morning peak hour, which generally occurs for one hour between 6:30 a.m. and 8:30 a.m., about 12 vehicles would enter and 35 vehicles would exit the site. During the afternoon peak hour, which generally occurs for one hour between 4:30 p.m. and 6:30 p.m., about 39 vehicles would enter and 23 vehicles would exit the site.

SHORT-TERM AND 2040 TOTAL TRAFFIC AND LEVELS OF SERVICE

Please refer to *Sterling Ranch Filing No. 2 and Sterling Ranch Phase 2 Traffic Impact Analysis* dated June 23, 2021 for the short-term, intermediate-term, and 2040-total traffic volumes and level of service analysis. These volumes include the Filing 3 site-generated traffic.

INTERSECTION SIGHT DISTANCE

The intersections proposed to provide access to Filing No. 3 were evaluated for intersection sight distance with the Preliminary Plan TIS. Please refer to Figure 4 of the *Sterling Ranch Filing No. 2 and Sterling Ranch Phase 2 TIA*. A copy of that Figure is attached for reference.

ROADWAY CLASSIFICATIONS

As shown in Figure 22 of the *Sterling Ranch Filing No. 2 and Sterling Ranch Phase 2 TIA*, all streets within Filing No. 3 should be classified as Urban Local. A copy of Figure 22 from that report is attached for reference.

RECOMMENDED IMPROVEMENTS

As shown in the attached Table 4 from the *Sterling Ranch Filing No. 2 and Sterling Ranch Phase 2 TIA* the following auxiliary lanes are recommended as part of Sterling Ranch Filing No. 3:

- A northbound right-turn deceleration lane on Sterling Ranch Road approaching Hazlett Drive. This lane should be 155' long plus a 160' taper.
- A southbound left-turn lane on Sterling Ranch Road approaching Hazlett Drive. This lane should be 305' long plus a 160' taper.
- A westbound right-turn deceleration lane will not be required on Sterling Ranch Road approaching Dines Boulevard.

An eastbound right-turn deceleration lane will not be required on Sterling Ranch Road approaching Dines Boulevard per TIS dated June 23, 2021 (SF-20-015 and SP-19-001).

All required improvements at the intersection of Marksheffel Road/Sterling Ranch Road are being completed as part of Sterling Ranch Filing No. 2.

The attached Table 4 from the *Sterling Ranch Filing No. 2 and Sterling Ranch Phase 2 TIA* is an amended version. The "Filing No. 3 amendment" to the table is shown in red font. The amendment is associated with **item no. 7** in the table.

ROADWAY IMPROVEMENT FEE PROGRAM

This project will be required to participate in the El Paso County Road Improvement Fee Program. Sterling Ranch Filing No. 3 will join the ten-mil PID. The ten-mil PID building permit fee portion associated with this option is \$1,221 per single-family dwelling unit. Based on 63 lots, the total building permit fee would be \$76,923.
