re: Gateway Trucking Site Development Plan, EA2115

Dear Ms. Kiepe:

This is to confirm that no lighting is proposed for the above referenced site development plan. The Applicant has included an Alternative Lighting Proposal in his letter of intent the justifies the reasons for no lighting consistent with the review criteria of the LUC. The Applicant, Perry Hastings, understands that the Site Development Plan would have to be amended in the event he wishes to add lighting to the site at a later time.

Sincerely,

Debra Eiland, Esq.

cc: Mr. Perry Hastings
