Colorado Springs CO 80920

**CONSULTANT:**

N.E.S. Inc.  
619 North Cascade Avenue  
Colorado Springs, Colorado 80903

---

Gardens at N. Carefree is located southeast of the intersection of North Carefree Circle and Akers Drive. The property is currently vacant, undeveloped land comprising 11.56 acres.

The proposed subdivision lies within the Falcon Fire Protection District service area. The 133-square-mile fire district extends from Peyton Highway on the east to County Line Road on the north to Black Forest Road on the west and one mile north of Colorado Highway 94 on the south. The District serves more than 23,400 citizens, and protects almost 10,000 structures. Ninety-four percent of the structures within the District are residential and 6 percent are commercial buildings.

The following stations and equipment are maintained by the District:

**Station 1:** This is the primary staffed station for District 1. The new station provides reduced response times to the most populated areas that also generate the highest call volumes.

Apparatus at Station 1 include:

- An engine
- A water tender (water truck)
- A brush truck
- An AMR ambulance
- A utility truck
- Battalion Chief Command vehicle

**Station 2:** Apparatus at Station 2 include:

- A 4-wheel drive engine
- A water tender
- A brush truck

**Station 3/Headquarters/Training Facility:** With the opening of Station 1, the Falcon Fire Department's building on Old Meridian Road becomes a true headquarters facility that includes administration functions such as human relations and payroll. It will continue to host monthly Falcon Fire Protection District Board meetings, and serve as the Department's primary classroom and training facility for emergency medical services, fire, hazardous materials and technical rescue disciplines. It also serves as the fleet maintenance and repair facility for minor work on apparatus and equipment. Apparatus at Station 3 include:

- An engine
- A tender
- A utility truck
- A brush truck

**Station 6 (formally Station 3):** Apparatus at Station 6 include:

- A water tender
- A brush truck

**RESPONSE TIMES**

Below is an extract from the Fire District's Annual Report, which provides details of incidents and response times. Gardens at N. Carefree is within District 4 where the average response time is 10 minutes 59 seconds.
