Dear Ms. Ruiz:

Mountain View Electric Association, Inc. (MVEA) has these comments about the following:

Project Name: Eagle Rising, Filing #1

Project Number: SF 1829

Description: Casa Limited Partnership is proposing eight (8) residential lots along with six (6) tracts forming a development called Eagle Rising, Filing #1. This 35.711 acre development is to be located east of Black Forest Road and north of Briargate Parkway in Section 29, Township 12 South Range 65 West.

This area is within MVEA certificated service area. MVEA will serve this area according to our extension policy. Connection requirements may include provisions for necessary line extensions and or other system improvements, and payment of all fees under MVEA line extension policy. Information concerning these requirements can be obtained by contacting the Engineering Department of MVEA.

MVEA requests a ten (10) foot side and rear lot utility easement, fifteen (15) foot front lot utility easement along with a thirty (30) foot exterior easement on plat. MVEA also requests platting of existing MVEA facilities with easement on the plat. If open space, drainage and landscape tracts are designed in this subdivision MVEA requests these areas be listed to include utilities. This will allow for design to all of lots.

Additional easements may be required once a review of civil drawings with grading and erosion plan is provided to MVEA in order to serve this development.

MVEA has existing facilities within this parcel of land. If there is any removal or relocation of facilities it will be at the expense of the applicant.

This Association is an equal opportunity provider and employer.
