**Subject:** Wildland Fire and Hazard Mitigation Plans

Hi Loren!

I apologize for the delay in getting back to you on this. The projects you have in review (on the attached spreadsheet) were identified by the Planner as not requiring Wildland Fire and Hazard Mitigation Plans. Projects that have not been submitted will be evaluated individually at time of submittal to determine if a Wildland Fire and Hazard Mitigation Plan will be required.

I know there will be more discussion to come on this, but hopefully this addresses the immediate need of what is happening with your current projects. Feel free to reach out to me with any questions. Thanks!

Thank you,

Mindy Schulz
