Rael Storage, AL-19-018

Please accept the following comments from El Paso County Public Health regarding the proposed RV storage yard:

- **A record of a 2004 approved and permitted on-site wastewater treatment system (OWTS) for the existing house indicates the OWTS components are located on the north side of the house. Please make sure the existing OWTS soil treatment area (STA) and an equally sized STA replacement area remain protected from vehicular, livestock and other means of damage by compaction.**
- **No other public health issues noted with the proposal.**
