Mr. Decoto,

9/7/2018

The development known as TimberRidge West , is located within the boundaries of the Black Forest Fire Rescue Protection District. Black Forest Fire Rescue Protection District will provide fire and emergency services to this area, including all TimberRidge West Parcels.

The Black Forest Fire Protection District is a participating member of a regional coalition of fire department called the North Group. This group was designed to provide increased response capabilities to all-hazards incidents, including structure fires, through the use of automatic-aid and mutual aid. The group consists of the following fire departments: Black Forest, Falcon, Wescott, Tri-Lakes Monument, Air Force Academy, Larkspur, and Palmer Lake. The automatic and mutual aid agreement is solidified by an intergovernmental agreement between all entities.

The initial response, for a structure fire, will include three 1250 GPM pumpers, one Ladder Company, and five water tenders, totaling 15,000 gallons of water on an initial dispatch. Additional response apparatus are available based need and conditions noted upon arrival of the scene.

If you have any comments, questions or concerns please feel free to contact me.

Respectfully,

A handwritten signature in black ink, appearing to read "B Jack".

Bryan J. Jack
