Subject: Timber Ridge West Minor Subdivision – Review #2 (MS-19-001)

Hello Kari,

The Planning Division of the Community Services Department has reviewed the Timber Ridge West Minor Subdivision development application, Review #2, and has no additional comments of behalf of El Paso County Parks. **Staff is requesting that the applicant make note of these comments and recommendation, as the applicant's Letter of Response did not mention the recommendation, as outlined below:**

“Timber Ridge West Minor Subdivision consists of 2 residential lots and 1 29-acre tract on 36.01 acres, with a minimum lot size of 3.19 acres. Timber Ridge West is shown as Tract A, Phase A and E on the Retreat at TimberRidge PUD Development Plan, and Phase 2 on the subsequent Preliminary Plan. The property is located along Vollmer Road, immediately west of its intersection with Arroyo Lane. The project is located within the bounds of the Black Forest Preservation Plan.

The 2013 El Paso County Parks Master Plan shows alternate routes of the Sand Creek Primary Regional Trail and Arroyo Lane Primary Regional Trail directly impacted by the project. The proposed Arroyo Lane Primary Regional Trail traverses east-west immediately north of the two residential lots, while the alternate Sand Creek Primary Regional Trail alignment runs north-south along the western boundary of the subdivision. Furthermore, the proposed Vollmer Road Bicycle Route runs north/south adjacent to the western property boundary.

While Timber Ridge West Minor Subdivision shows 29 acres of open space, previously dedicated on the PUD Preliminary Plan to 5-acre future residential lots, the Retreat at TimberRidge PUD Development Plan, endorsed by the Park Advisory Board in January 2018 and approved by the El Paso County Board of County Commissioners in March 2108, shows 26.32 acres of open space, while the Retreat at TimberRidge Preliminary Plan, endorsed by the Park Advisory Board in May 2018, shows 27.58 acres of open space. Both of these plans meet the Land Development Code's 10% open space requirement. In addition, both plans properly display the Arroyo Lane and Sand Creek Primary Regional

Trail corridors, and both trail corridors conform to the El Paso County Parks Master Plan and Trails Master Plan.

The PUD Development Plan and Preliminary Plan show 25-foot trail buffers along Sand Creek and Arroyo Lane. Parks staff has previously recommended that all forthcoming final plats show 25-foot trail easements along the Sand Creek drainage, as well as the 25-foot trail easement along Arroyo Lane, and shall dedicate these 25-foot wide regional trail easements to the County for the County's construction and maintenance of public multi-use trails on forthcoming final plats. Because of the existence of these trail easements along the Sand Creek Corridor, with connecting easements along Arroyo Lane, the alternative Sand Creek and Arroyo Lane Regional Trail alignments impacted by Timber Ridge West are no longer necessary to facilitate regional trail connections to Black Forest Section 16 and the Pineries Open Space further to the north. Therefore, no trail easement or park land dedications are required, and staff recommends regional park fees in lieu of land dedication for regional park purposes, as outlined on the attached Subdivision Review Form.

The Park Advisory Board has elected not to review and endorse minor subdivision applications, so these comments are being provided administratively.

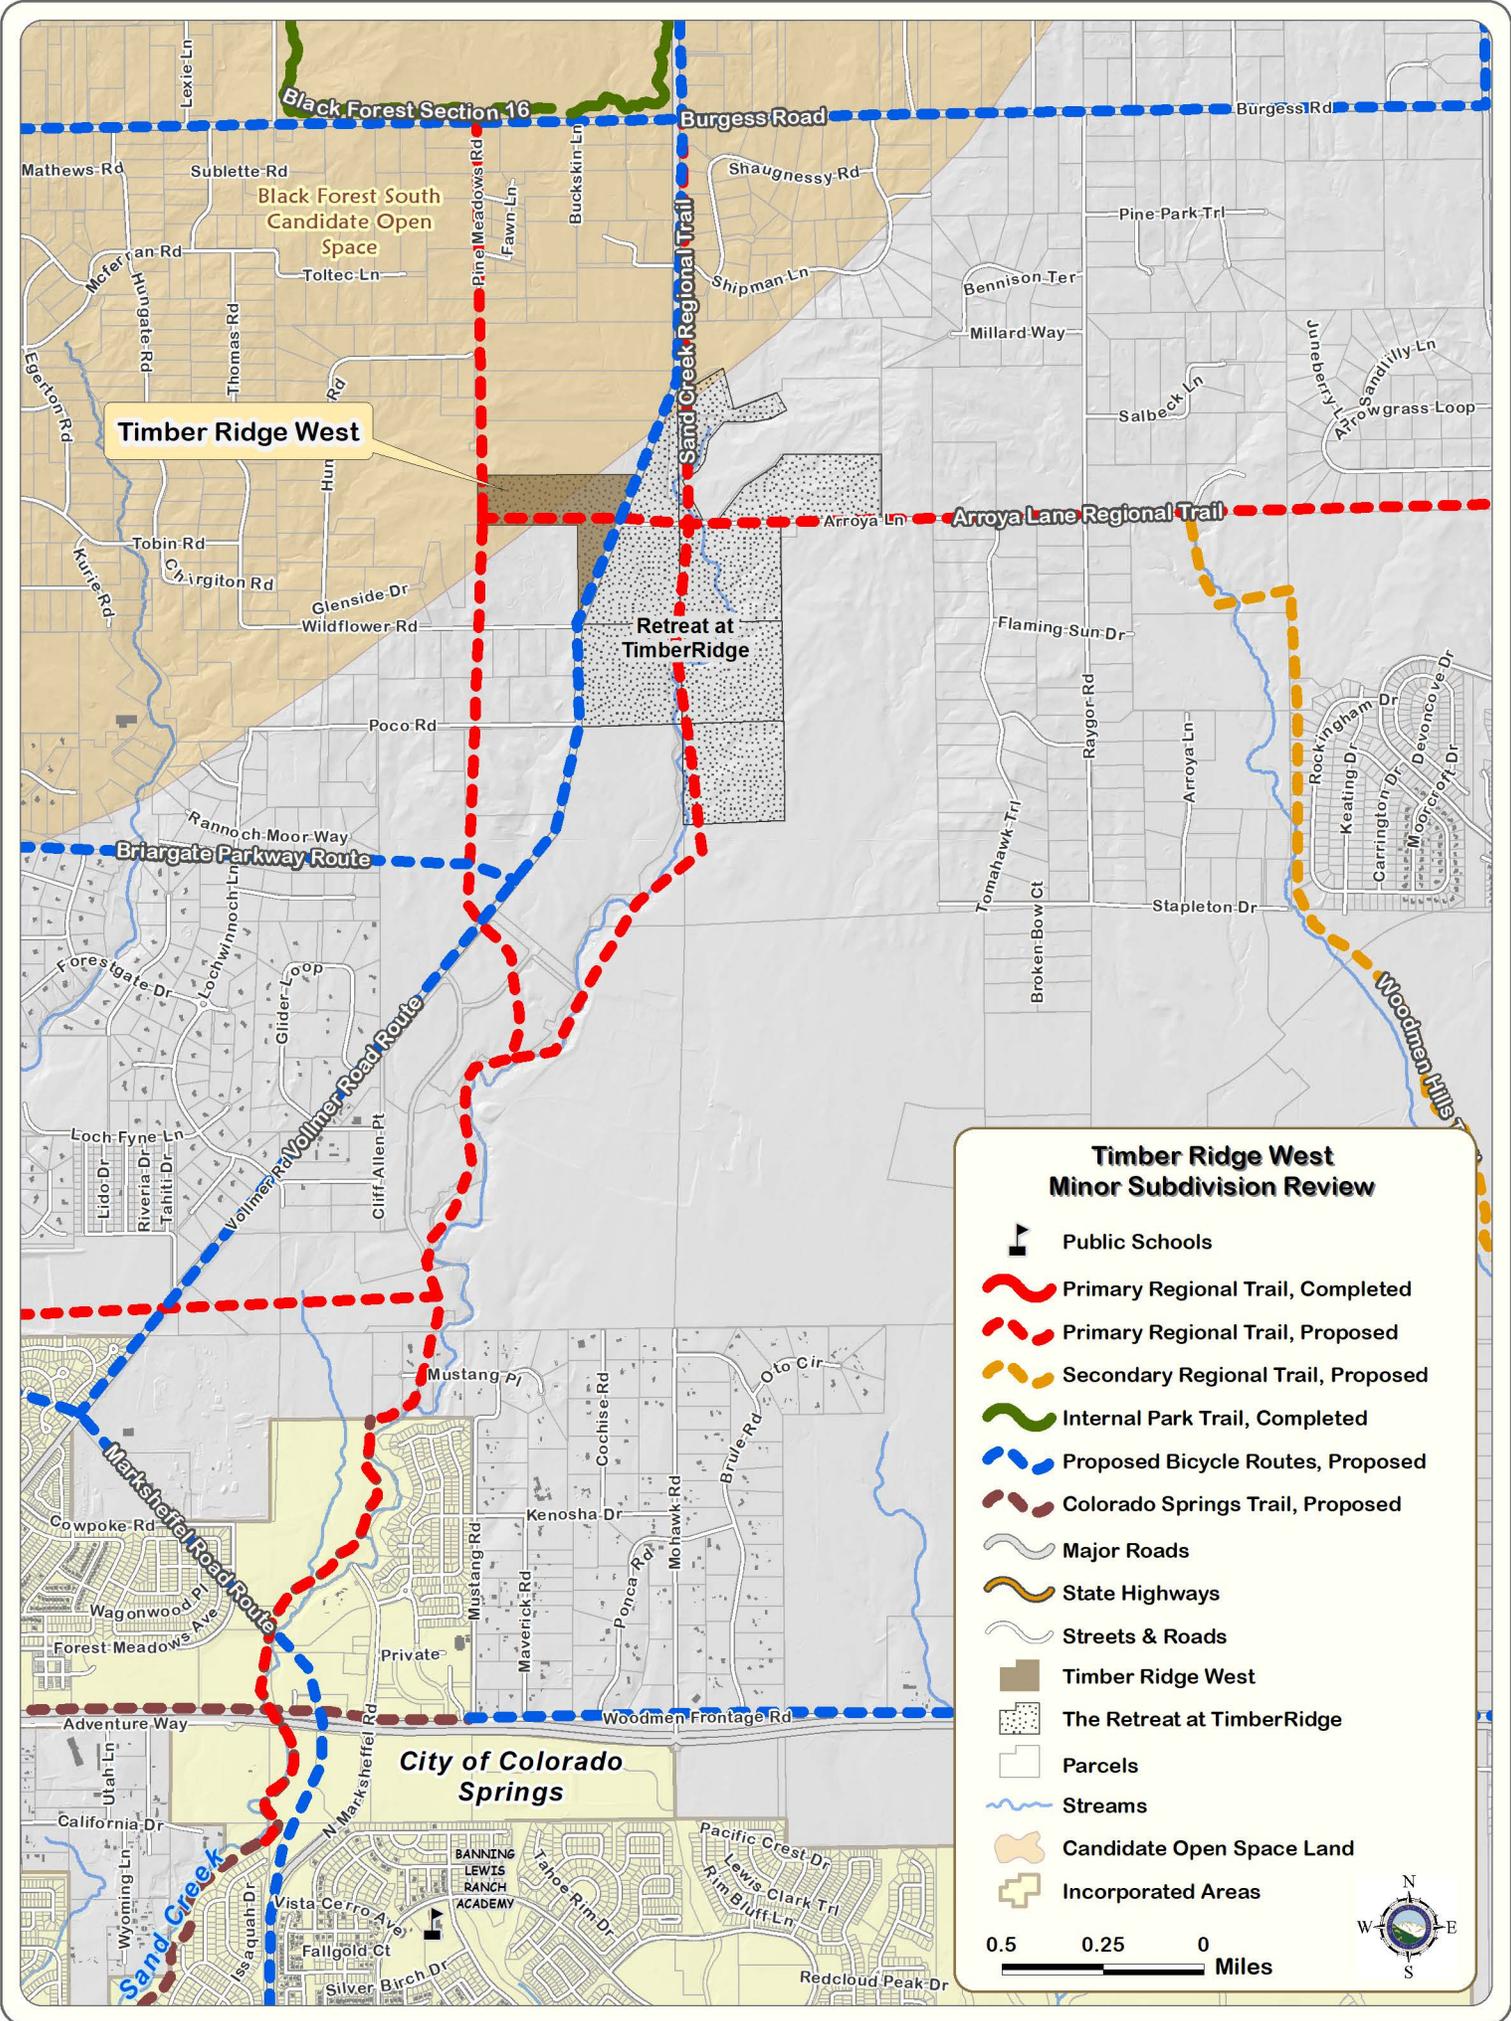

Recommendation:

Recommend to the Planning Commission and Board of County Commissioners that approval of the Timber Ridge West Minor Subdivision include the following condition: require fees in lieu of land dedication for regional park purposes in the amount of \$912."

Please let me know if you have any questions or concerns.

Sincerely,

Ross A. Williams
