RE: Forest Lakes Filing No. 6 – Mesa Top Bridge Engineer’s Certification

The Mesa Top Drive public bridge improvements for Forest Lakes Filing 6 consist of the bridge, abutments, curb and gutter, paving, sidewalk, and retaining walls as well as perimeter grading stabilization and drainage corridor improvements. Classic Consulting Engineers & Surveyors, LLC has reviewed all design documents associated within this project. Based upon this information and information gathered during periodic site visits to the project during the construction of the bridge and adjacent improvements, Classic Consulting Engineers & Surveyors, LLC is of the opinion that the adjacent improvements have been constructed in general compliance with the approved design plans and specifications prepared by Classic Consulting, Engineering, and Surveying, as filed with the County and are stable with respect to settlement, subsidence, and sloughing and that the revegetation of the area and the improvements meet or exceed the minimum design requirements.

On behalf of Forest Lakes Residential Development, LLC, Classic Consulting Engineers & Surveyors, LLC hereby provides this engineering certification of these facilities to County Engineering.

STATEMENT OF ENGINEER IN RESPONSIBLE CHARGE:

To the best of my knowledge, information and belief, the referenced public bridge and surrounding have been constructed in general compliance with the approved design plans and specifications as filed with the El Paso County.

Kyle R. Campbell, P.E.
Colorado No. 29794
