Please accept the following comments from El Paso County Public Health for the project referenced above:

- **The onsite wastewater treatment system (OWTS) soil treatment area (STA) for the existing house must be located and protected from compaction associated with masonry business.**
- **If an OWTS is planned for employee use in the proposed 70' x 100' storage structure, then a New OWTS Permit is required.**
- **No other public health issues noted with the proposed business.**
