Subject: Ridge at Lorson Ranch PUDSP (PUDSP216)

Hello Kari,

The Community Services Department has reviewed Ridge at Lorson Ranch PUD Preliminary Plan and has the following preliminary comments of behalf of El Paso County Parks. This application will be presented to the Park Advisory Board on June 9, 2021 and its recommendation will be provided after the meeting.

The Ridge at Lorson Ranch located along the eastern border within the larger Lorson Ranch Development. The site consists of 206.47 acres and includes 994 single-family residential lots on 121.87 acres, open space tracts totaling 27.33 acres, and public rights-of-way totaling 57.27 acres. This site is currently zoned RLM (Residential Low/Medium 4-6 DU/Acre) as illustrated on the Lorson Ranch Minor Sketch Plan Amendment which was approved on April 21, 2016. Staff notes that there are discrepancies with acreages between the letter of intent and the PUDSP drawings and requests that they be corrected.

Open Space dedications total 27.335 acres, or 13.24% of the project site which meets the minimum 10% dedication for PUD zoning. This includes a tract along the powerline easement, eastern edge of the subdivision, and narrow tracts along Fontaine Blvd, Walleye Drive, and several internal tracts within the project area. Staff does note however, that as the last remaining areas of Lorson Ranch are developed, the applicant has not yet provided the correct allocation of open space dedications as outlined in the approved Lorson Ranch Minor Sketch Plan Amendment.

According to the Lorson Ranch Minor Sketch Plan Amendment the overall open space dedication at full build out is to total 212 acres (15%). At this time, the applicant has not demonstrated that this requirement has been met. Since the Ridge at Lorson Ranch is one of the few remaining areas within Lorson Ranch to be developed, Staff asks that the applicant provide a summary of open space

dedications to ensure that the appropriate open space dedications for Lorson Ranch are being provided.

The El Paso County Parks Master Plan shows no County regional trails within the Ridge at Lorson Ranch project area. The Jimmy Camp Creek Regional Trail is 1.70 miles west of the project area. The Fontaine Blvd Bicycle Route bisects the site and will be accommodated with the right-of-way for Fontaine Boulevard. Staff notes that a non-county trail is proposed along the adjoining overhead power line corridor which connects to the larger trail network within Lorson Ranch.

Parks staff recommends fees in lieu of land for regional park purposes in the amount of \$457,240 and urban park fees in the amount of \$288,260 will be required upon recording of the forthcoming final plat(s). A park lands agreement may be an acceptable alternative to urban park fees provided the agreement is approved by the County and executed prior to recording of the forthcoming final plat(s).

Please let me know if you have any questions or concerns.

Sincerely,

Jason Meyer
