Subject: Alternative design requested for AG structure
Importance: High

20580 Via Feliz Pt
RR-5
5.10 acres

Request: approval of current design of existing 576 square foot building.

Exemption previously granted in 2018 prior to the design requirements. Exemption was revoked in December 2020 at the request of the owner so he could pursue a building permit in order to have flexibility with the use of the structure. He did not obtain a building as of yet and has decided to sell the property. He is requesting a new exemption to legalize the structure.

Thank you,
