**6855 Constitution Ave., Mini Warehouse, PPR-22-24**

Please accept the following comments from El Paso County Public Health for the project referenced above:

- The proposed 3.7-acre commercial site will have water and wastewater services provided by Cherokee Metropolitan District. There is a finding of sufficiency in terms of quality for water for this Colorado Department of Public Health and Environment regulated community water system. PWSID #CO-0121125
- Earthmoving activity more than one acre, but less than twenty-five acres, requires a local Construction Activity Permit from El Paso County Public Health. Go to <https://www.elpasocountyhealth.org/service/air-quality/construction-activity-application> for more information.
- The water quality detention basin must have mosquito control responsibilities included as a part of the design and the maintenance plan to help control mosquito breeding habitat and minimize the potential for West Nile Virus.
