

Subject: RE: Minor Subdivision Circle A Filing No. 1

Hello Courtney,

Thanks for your feedback on this request. I would like to inform you that the request going before Planning Commission is for the subdivision of the property – not the variance. The variance was approved by the Board of Adjustment in June of 2020. I have attached the approval letter for reference.

The current request is to subdivide in accordance with the lot sizes allowed by the variance. Please let us know if you still wish to oppose the subdivision and if you do, please let us know if you plan to attend the hearing and wish to speak in opposition. I would like to remind you that the argument that they do not have enough property will not likely be considered because they already have variance approval for the lot sizes.

Thanks,

Ryan Howser, AICP

Good morning,

This is their second attempt at the variance. Do you have a copy of our original opposition letter from their first attempt or is that not part of this hearing?

Thank you,

Courtney
