RE: Letter of Intent for Early Assistance Meeting, Daniels Hot Mix Asphalt Plant

To whom it may concern,

Amrize West Central Inc. ("Amrize") (f/k/a Holcim-WCR, Inc.) would like to coordinate a meeting with the El Paso County Planning Department to discuss Amrize's interest in constructing a Hot-Mix Asphalt Plant at our Daniels Sand Pit #2 Facility located at 3710 Bradley Rd in Colorado Springs. The prospective asphalt plant would be located on the west side of parcel number 6502000126 (west of Academy Blvd). The proposed area for the Asphalt plant is currently zoned I-3 Heavy Industrial. The rest of the property operates under El Paso County USR AL-93-021.

Should you require any additional information or have questions, please contact Kurt Thurmann at kurt.thurmann@amrize.com. We look forward to setting up a meeting as soon as you are available to discuss the planning requirements that may be required for this update to the operation.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Kurt Thurmann', with a long horizontal flourish extending to the right.
