Subject: I oppose rezoning 1825 Summit Drive

I am opposed to rezoning of any R5 density lands to less than R5 as it is antithetical to the rural zoning as designed in the first place. There are many high density housing areas nearby, and there are more planned. There is no need to encroach on this area further.

Please respect the desires of the local constituents, preserve the low density rural feel of this area, and protect what little remains of the low density aquifer footprint necessary to preserve our way of life in this area.

Please deny this rezoning effort to protect the area from any future such attempts.

Thanks.

Regards,

Richard Harrington
