619 N. Cascade Ave., Suite 200  
Colorado Springs, CO 80903

**Commitment Letter**

Dear Mr. Campbell:

Mountain View Electric Association, Inc. (MVEA) has these comments about the following:

**Project Name: Falcon High School Addition**

**Description:** School District 49 is proposing an addition of a 16,000 square foot building at Falcon High School located east of Lambert Road and north of Londonderry Drive. This new building is to be located in Section 29, Township 12 South, Range 64 West.

This area is within MVEA certificated service area. MVEA will continue to serve this area according to our extension policy. Connection requirements may include provisions for necessary line extensions and or other system improvements, and payment of all fees under MVEA line extension policy. Information concerning these requirements can be obtained by contacting the Engineering Department of MVEA.

MVEA will work with the developer and the school district to acquire additional utility easements to aid in the design of the electric service.

MVEA has existing facilities near and in this parcel of land. If there is any removal or relocation of facilities it will be at the expense of the applicant and a review of easements will be required in order to serve.

If additional information is required, please contact our office at (719) 495-2283.

Sincerely,

Cathy Hansen-Lee  
Engineering Administrative Assistant

This association is an equal opportunity provider and employer.
