LETTER OF RESPONSIBILITY

Falcon School District 49 hereby tenders, and El Paso County, by and through the Board of County Commissioners of El Paso County, Colorado, hereby accepts, this Letter of Responsibility as surety for the project described below as provided for in the El Paso County Engineering Criteria Manual.

Falcon School District 49 hereby assumes all responsibility for construction of the Grading and Erosion Control Improvements and Public Improvements required for the new Falcon High School Building Expansion, according to the Civil Construction Documents prepared by Classic Consulting Engineers & Surveyors, LLC. Falcon School District 49 agrees to construct and maintain the Erosion Control and Stormwater Quality Best Management Practices as required by the Construction Documents and the required permits for this construction project. Falcon School District 49 agrees to repair any deficiencies documented by El Paso County Development Services prior to preliminary acceptance of the construction work by El Paso County Development Services. This letter shall be in effect until final acceptance of the Falcon School District 49 Grading and Erosion Control Improvements and Public Improvements by El Paso County.

In the event that Falcon School District 49 fails to perform its obligations hereunder, El Paso County shall have the right to exercise all administrative equitable and legal remedies available to it.
