Dear Sir or Madam:

This purpose of this letter is to confirm that the vegetative cover on Gleneagle Filing 2 Detention Basin C located near Stone Eagle Place, Colorado Springs, 80921 has achieved 70% vegetative cover as per the El Paso County Engineering Criteria Manual (ECM). As per Appendix I.6.1.D, Final stabilization is "The condition reached when all ground surface disturbing activities at the site have been completed, and for all areas of ground surface disturbing activities a uniform vegetative cover has been established with an individual plant density of at least 70 percent of pre-disturbance levels, or equivalent permanent, physical erosion reduction methods have been employed."

Please let me know if you have questions or concerns.

Sincerely,

Molly Galloway
El Paso County Stormwater
