Good morning,

I am not able to attend the public hearing on the file number listed above but wanted to provide comments.

I own 35 acres (16365 Judge Orr Rd) adjacent to the property in question.

I do not support this location for BOCES for these reasons:

1. Lack of confidence in proper study of Black Squirrel Creek aquifer to support another commercial well.
2. Concern about the folks this facility is designed for, specifically the tendency of them to run away to surrounding areas. The surrounding areas here are 70+ parcels of private property in the \$900k+ valuation range.
3. These types of facilities often require regular and recurring support of local law enforcement and all we have in this area is the county sheriff. They do great work but are not manned or equipped to respond quickly to our area.

Thank you for your time and consideration of my concerns.

Adam
