NOTES (continued . . .):

- The following reports have been submitted and are on file at the El Paso County Development Services Department for the underlying HIGH PINES PATIO HOMES FILING NO. 1: Soils and Geological Study; Drainage Report; Wildfire Hazard Report; Natural Features Report; Erosion Control Report.
- FEDERAL EMERGENCY MANAGEMENT AGENCY, Flood Insurance Rate Map, Map Number 08041C0075 F (effective date March 17, 1997) indicates the area in the vicinity of this plat to be a Zone X (area determined to be out of the 500 year flood plain).
- No Lot (Unit), or interest therein, shall be sold, conveyed or transferred whether by deed or by contract, nor shall building permits be issued, until and unless the required public improvements have been constructed and completed in accordance with the Subdivision Improvements Agreement between the applicant and El Paso County as recorded under Reception No. 200154180, in the office of the Clerk and Recorder of El Paso County, Colorado, or in the alternative, other collateral is provided which is sufficient in the judgment of the Board of County Commissioners, to make provision for the completion of said improvements. If the public improvements are not installed and legally accepted within 18 months from this date, said plot may be vacated after the appropriate public hearings.
- All structural foundations shall be located and designed by a Professional Engineer, currently registered in the State of Colorado.
- No direct access to County Line Road shall be permitted from PHASE 2E.
- The addresses exhibited on this plat are for informational purposes only. They are not the legal description and are subject to change.
- This property is subject to the Restated Declaration of Covenants, Conditions and Restrictions for both the HIGH PINES OWNERS ASSOCIATION, INC. recorded under Reception No. 202130491 (El Paso County, Colorado records) and the HIGH PINES PATIO HOME ASSOCIATION, INC. recorded under Reception No. 202130493 (said El Paso County records), and subsequent amendments, which address the guaranteed maintenance of the detention pond as approved by the El Paso County Planning and Community Development Department and the County Attorney's Office, common maintenance, common access and utility provisions among other items.
- Basis of Bearings: All bearings are based on that portion of the Northerly line of Lot 67, Block 2, HIGH PINES FILING NO. 2, monumented as shown and assumed to bear N89°06'54"E, a distance of 346.19 feet.
- EASEMENTS: As noted below, with the sole responsibility for maintenance being vested with PHASE 2E property owner(s).
MOUNTAIN VIEW ELECTRIC ASSOCIATION (MVEA) is hereby granted a Blanket Easement over and across TRACT A, PHASE 2E for design and construction of the electric service system.
WOODMOOR WATER AND SANITATION DISTRICT NO. 1 is hereby granted a blanket easement over and across Tract A for any purpose necessary for the construction, reconstruction, operation, use, maintenance, repair, replacement and/or removal of the improvements of the water and wastewater service system (Reception No. 206105039, El Paso County, Colorado records).
TRACT A, PHASE 2E is a common access, maintenance, drainage and utilities easement to be owned and maintained by the HIGH PINES PATIO HOME ASSOCIATION, INC.
- Applicant and all future owners of Units within Phase 2E shall be advised of, and comply with, the conditions, rules, regulations, and specifications set by the WOODMOOR WATER AND SANITATION DISTRICT and the Excess Water Usage and Service Agreement between said DISTRICT and Samuel F. Schoningger dated August 10, 1999, and recorded at Reception No. 099130691 of the records of the El Paso County Clerk and Recorder.

Additional water was contracted for and reserved from the WOODMOOR WATER AND SANITATION DISTRICT NO. 1, as referenced under Reception No. 099130691 dated August 10, 1999 and amended on May 23, 2000 under Reception No. 200058008 of the records of the El Paso County Clerk and Recorder.
Water in the Denver Basin Aquifers is allocated based on a 100 year aquifer life, however, for El Paso County planning purposes, water in the Denver Basin Aquifers is evaluated based on a 300 year aquifer life. Applicants, the Homeowners Association, and all future owners in the subdivision should be aware that the economic life of a water supply based on wells in a given Denver Basin aquifer may be less than either the 100 years or 300 years indicated due to anticipated water level declines. Furthermore, the water supply plan should not rely solely upon non-renewable aquifers. Alternative renewable water resources should be acquired and incorporated in a permanent water supply plan that provides future generations with a water supply.

- The survey monumentation of the perimeter of Lots (Unit Foundations) 16, 17 and 19, inclusive (intended to envelop the existing foundation footprint), is the corner or a point on the as-built foundation of each dwelling unit.
- Limited Common Elements (LCE), shown or not shown, consist of driveways which are assigned for the exclusive use of the unit to which such element is appurtenant.
- All portions of TRACT A, PHASE 2E which are not considered LCE are General Common Elements (GCE). Any buffer excess area of Unit property within the platted Unit lines and the exterior as-built structure foundation lines will be transferred, via individual Quitclaim document at time of sale closing, to the HIGH PINES PATIO HOME ASSOCIATION, INC.
- Due to wildfire concerns, the applicants and subsequent homeowners are encouraged to incorporate wildfire fuel break provisions as recommended by the Colorado State Forest Service and illustrated through publications available through the State Forest Service. Fire protection is provided by TRI-LAKES MONUMENT FIRE PROTECTION DISTRICT (TLMFPD).
- The subdividers agree on behalf of him/herself and any developer or builder successors and assignees that subdivider and/or said successors and assigns shall be required to pay traffic impact fees in accordance with the El Paso County Road Impact Fee Program Resolution (Resolution No. 19-471), or any amendments thereto, at or prior to the time of building permit submittals. The fee obligation, if not paid at final plat recording, shall be documented on all sales documents and on plat notes to ensure that a title search would find the fee obligation before sale of the property.
- All property owners are responsible for maintaining proper storm water drainage in and through their property. Public drainage easements as specifically noted on the plat shall be maintained by the individual lot owners unless otherwise indicated. Structures, fences, materials or landscaping that could impede the flow of runoff shall not be placed in drainage easements.

SURVEYOR'S CERTIFICATION:

I, David V. Hostetler, a duly registered Professional Land Surveyor in the State of Colorado, do hereby certify that this plat truly and correctly represents the results of a survey made on December 8, 2021 by me or under my direct supervision and that all monuments exist as shown hereon, that mathematical closure errors are less than 1:10,000, and that said plat has been prepared in full compliance with all applicable laws of the State of Colorado dealing with monuments, subdivision or surveying of land and all applicable provisions of the El Paso County Land Development Code.

I attest the above on this 29th day of SEPTEMBER, 2022 A.D.

NOTES (continued . . .):

- The following reports have been submitted and are on file at the El Paso County Development Services Department for the underlying HIGH PINES PATIO HOMES FILING NO. 1: Soils and Geological Study; Drainage Report; Wildfire Hazard Report; Natural Features Report; Erosion Control Report.
- FEDERAL EMERGENCY MANAGEMENT AGENCY, Flood Insurance Rate Map, Map Number 08041C0075 F (effective date March 17, 1997) indicates the area in the vicinity of this plat to be a Zone X (area determined to be out of the 500 year flood plain).
- No Lot (Unit), or interest therein, shall be sold, conveyed or transferred whether by deed or by contract, nor shall building permits be issued, until and unless the required public improvements have been constructed and completed in accordance with the Subdivision Improvements Agreement between the applicant and El Paso County as recorded under Reception No. 200154180, in the office of the Clerk and Recorder of El Paso County, Colorado, or in the alternative, other collateral is provided which is sufficient in the judgment of the Board of County Commissioners, to make provision for the completion of said improvements. If the public improvements are not installed and legally accepted within 18 months from this date, said plot may be vacated after the appropriate public hearings.
- All structural foundations shall be located and designed by a Professional Engineer, currently registered in the State of Colorado.
- No direct access to County Line Road shall be permitted from PHASE 2E.
- The addresses exhibited on this plat are for informational purposes only. They are not the legal description and are subject to change.
- This property is subject to the Restated Declaration of Covenants, Conditions and Restrictions for both the HIGH PINES OWNERS ASSOCIATION, INC. recorded under Reception No. 202130491 (El Paso County, Colorado records) and the HIGH PINES PATIO HOME ASSOCIATION, INC. recorded under Reception No. 202130493 (said El Paso County records), and subsequent amendments, which address the guaranteed maintenance of the detention pond as approved by the El Paso County Planning and Community Development Department and the County Attorney's Office, common maintenance, common access and utility provisions among other items.
- Basis of Bearings: All bearings are based on that portion of the Northerly line of Lot 67, Block 2, HIGH PINES FILING NO. 2, monumented as shown and assumed to bear N89°06'54"E, a distance of 346.19 feet.
- EASEMENTS: As noted below, with the sole responsibility for maintenance being vested with PHASE 2E property owner(s).
MOUNTAIN VIEW ELECTRIC ASSOCIATION (MVEA) is hereby granted a Blanket Easement over and across TRACT A, PHASE 2E for design and construction of the electric service system.
WOODMOOR WATER AND SANITATION DISTRICT NO. 1 is hereby granted a blanket easement over and across Tract A for any purpose necessary for the construction, reconstruction, operation, use, maintenance, repair, replacement and/or removal of the improvements of the water and wastewater service system (Reception No. 206105039, El Paso County, Colorado records).
TRACT A, PHASE 2E is a common access, maintenance, drainage and utilities easement to be owned and maintained by the HIGH PINES PATIO HOME ASSOCIATION, INC.
- Applicant and all future owners of Units within Phase 2E shall be advised of, and comply with, the conditions, rules, regulations, and specifications set by the WOODMOOR WATER AND SANITATION DISTRICT and the Excess Water Usage and Service Agreement between said DISTRICT and Samuel F. Schoningger dated August 10, 1999, and recorded at Reception No. 099130691 of the records of the El Paso County Clerk and Recorder.

Additional water was contracted for and reserved from the WOODMOOR WATER AND SANITATION DISTRICT NO. 1, as referenced under Reception No. 099130691 dated August 10, 1999 and amended on May 23, 2000 under Reception No. 200058008 of the records of the El Paso County Clerk and Recorder.
Water in the Denver Basin Aquifers is allocated based on a 100 year aquifer life, however, for El Paso County planning purposes, water in the Denver Basin Aquifers is evaluated based on a 300 year aquifer life. Applicants, the Homeowners Association, and all future owners in the subdivision should be aware that the economic life of a water supply based on wells in a given Denver Basin aquifer may be less than either the 100 years or 300 years indicated due to anticipated water level declines. Furthermore, the water supply plan should not rely solely upon non-renewable aquifers. Alternative renewable water resources should be acquired and incorporated in a permanent water supply plan that provides future generations with a water supply.

- The survey monumentation of the perimeter of Lots (Unit Foundations) 16, 17 and 19, inclusive (intended to envelop the existing foundation footprint), is the corner or a point on the as-built foundation of each dwelling unit.
- Limited Common Elements (LCE), shown or not shown, consist of driveways which are assigned for the exclusive use of the unit to which such element is appurtenant.
- All portions of TRACT A, PHASE 2E which are not considered LCE are General Common Elements (GCE). Any buffer excess area of Unit property within the platted Unit lines and the exterior as-built structure foundation lines will be transferred, via individual Quitclaim document at time of sale closing, to the HIGH PINES PATIO HOME ASSOCIATION, INC.
- Due to wildfire concerns, the applicants and subsequent homeowners are encouraged to incorporate wildfire fuel break provisions as recommended by the Colorado State Forest Service and illustrated through publications available through the State Forest Service. Fire protection is provided by TRI-LAKES MONUMENT FIRE PROTECTION DISTRICT (TLMFPD).
- The subdividers agree on behalf of him/herself and any developer or builder successors and assignees that subdivider and/or said successors and assigns shall be required to pay traffic impact fees in accordance with the El Paso County Road Impact Fee Program Resolution (Resolution No. 19-471), or any amendments thereto, at or prior to the time of building permit submittals. The fee obligation, if not paid at final plat recording, shall be documented on all sales documents and on plat notes to ensure that a title search would find the fee obligation before sale of the property.
- All property owners are responsible for maintaining proper storm water drainage in and through their property. Public drainage easements as specifically noted on the plat shall be maintained by the individual lot owners unless otherwise indicated. Structures, fences, materials or landscaping that could impede the flow of runoff shall not be placed in drainage easements.

SURVEYOR'S CERTIFICATION:

I, David V. Hostetler, a duly registered Professional Land Surveyor in the State of Colorado, do hereby certify that this plat truly and correctly represents the results of a survey made on December 8, 2021 by me or under my direct supervision and that all monuments exist as shown hereon, that mathematical closure errors are less than 1:10,000, and that said plat has been prepared in full compliance with all applicable laws of the State of Colorado dealing with monuments, subdivision or surveying of land and all applicable provisions of the El Paso County Land Development Code.
