STAFF RECOMMENDATION/CONDITIONS OF APPROVAL

Subject to Airport Advisory Commission Action

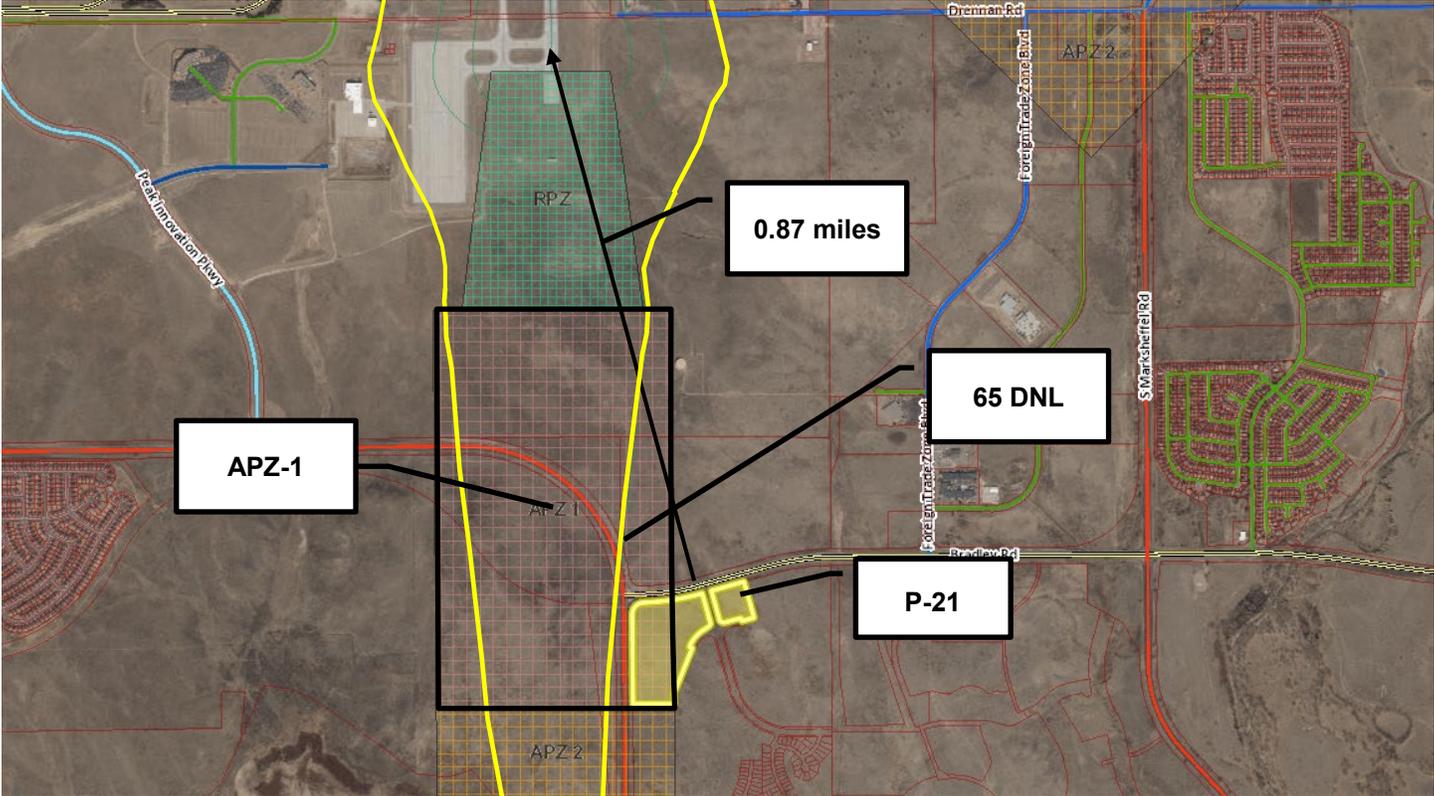

*Airport staff recommends **no objection** with the following conditions:*

- **Avigation Easement:** An avigation easement is requested or provide proof of previous recording (book/page or reception number).
- **Airfield Lighting Notice/Disclosure:** To be developed and provided by the Airport.
- **Noise Study:** to show an Interior noise level of 40dB (subject to change, this is close to a typical comment we make) A 40 dB indoor noise level shall be achieved by approved construction techniques as evidenced by a Noise Reduction Certificate, through a noise study/analysis by a qualified professional. In the case of land uses classified as industrial uses, only the office portion of the building is required to achieve the noise reduction.
- **Notice/Disclosure to all home buyers of their location/proximity to the Airport:** To be developed and provided by the Airport.
- **Disclosure to any renters, lessees, or sublets (typically for apartment complexes, etc. if any):** Upon accepting residency within xx, all adult residents and occupants shall be required to sign a notice in which the tenant acknowledges that xx lies within an Airport Overlay Zone and is located less than xx miles from Colorado Springs Municipal Airport and may, at times (24 hours per day), experience noise and other activities and operations associated with aircraft and the Airport.
- **FAA Form 7460-1:** Based on elevation data, the applicant will need to file Federal Aviation Administration (FAA) Form 7460-1 "Notice of Proposed Construction or Alteration" for any new vertical development at this site, including temporary construction equipment, and provide FAA documentation to the Airport before the commencement of construction activities; FAA's website (<https://oeaaa.faa.gov/oeaaa/external/portal.jsp>).
